Teacher Education to Enhance Diversity in STEM A. Anthony Ash II, Greg A. Wiggan, Marcia J. Watson-Vandiver, 2020-12-29 Addressing underlying issues in science education and teacher training which contribute to continued underrepresentation of racial and ethnic minority students in STEM and STEAM subjects and careers this timely volume illustrates how a critical postmodern science pedagogy CPSP can be used effectively to raise awareness of diversity issues amongst preservice teachers Using a case study design consisting of class observations interviews content analysis questionnaires and instructional interventions in preservice teacher training the volume bridges science and multicultural education and investigates how curricular development and teacher preparation can be used to ensure that science education itself promotes diversity within STEM and throughout education Chapters also examine the intersections of science education and science literacy for both students and teachers and in doing so promote the importance of positive and accurate representation of diversity within science and research discourse The book attempts to raise awareness regarding the need for meaningful curricular reform that creates real opportunities to address historical and scientific misinformation while increasing diversity and inclusion in schools and society This important text will be of interest to postgraduate students researchers scholars and preservice teachers in the fields of science and mathematics education STEM multicultural education teacher education urban education and the sociology of education

Culturally Proficient Inclusive Schools Delores B. Lindsey, Jacqueline S. Thousand, Cynthia L. Jew, Lori R. Piowlski, 2017-05-25 As schools become more diverse with students of differing abilities and needs this self reflective and action oriented guide helps create and support more inclusive

schools and classrooms that intentionally educate all students Teacher Professional Learning Shu-Shing Lee, Bee Leng Chua, Alexius Chia, Monica Woei Ling Ong, Pamela Costes-Onishi, 2025-05-29 This book provides an insider's perspective of the Singapore education system that views teacher capacity building as a key lever for quality educational experiences. It describes experiences from policy conceptualisation to practice implementations of teacher learning. This book includes international perspectives in the form of expert commentaries and critique where comparisons are made between Singapore's experiences and those of other education systems. It also describes the complexities of teacher professional learning within and across three levels: policies, partnerships, and schools that shape policy to practice implementations of teacher professional learning from pre-service to in-service teachers. Together with the international scholars, this book shares the lessons learnt in Singapore to encourage policy makers, scholars, and schools to continue thinking about how teacher professional learning can be enhanced, caution against the direct transfer of practices, and describe how teacher capacity building lays the foundation for the education system to stay relevant, address challenges, and meet students' needs.
