Kenya Munene, Macharia, 2015-03-16 This book thematically tackles issues that relate to the perpetual struggle between the forces of control and the forces of mental and intellectual liberation in Africa and Kenya in particular The book addresses the colonial legacy of poverty creation as well as the socio political conditioning of Africans to dislike each other and to be irresponsible and disunited in the face of external threats Poverty hatred of other Africans and excessive dependency on European powers can be traced to the policies adopted by colonial officials Related to these issues is post colonial Kenya s attempts to address the political developments the involvement of different types of media in those developments Kenya s foreign policy and the problem of political party transition Ultimately there are topical issues that continue to affect Kenya which include the question of coalition politics the lessons of the 2002 elections the media and corruption parliament and foreign policy and Africa s relations with the United States of America *The African Inheritance* Ieuan Ll.

Griffiths, 2005-09-30 Africa is a continent gripped by civil wars and widespread famine The causes of many of the continent s problems are deep rooted and can be traced to Africa s colonial past when European powers divided the spoils of the continent into separate sovereign states The African Inheritance examines the effect this balkanization of Africa has had and is having on the political and economic well being of the continent From a brief history of pre colonial Africa and its subsequent European partition and inevitable decolonization the book discusses the consequences of such an inheritance small and weak states destructive secessionist movements irredentism and African imperialism Attempts to tackle these problems and assert independent development are inhibited by the colonial inheritance **Encyclopedia of the Peoples of**

Mwalimu, 2009 In this book Charles Mwalimu explores viable grassroots representation mechanisms in African constitutions in order to positively integrate indigenous and modern systems in Sub Saharan Africa A comparative study method is used to examine the constitutional principles of chieftaincy and local government and their impact on human rights To establish and prove lack of positive integration Mwalimu connects this failure to poor constitutionalism development and stultified growth and human rights violations This book proposes remedial actions to build nondiscriminatory constitutional regimes eradicating violations of human rights **Animal Farm Prophecy Fulfilled in Africa** Chiku Malunga, 2014-09-08 Animal

Farm Prophecy Fulfilled in Africa A Call to a Values and Systems Revolution discusses why deep levels of poverty and suffering persist in Africa despite all the successive regime changes over the last half century It discusses why more people are poorer now than they were in the colonial era The author argues that this is so because most of the leadership change efforts on the continent focus on replacing individuals rather than changing or overhauling the negative systems and the

values inherent in the systems that the individual leaders inherit create or perpetuate The problems persist because they are systemic rather than personal in nature Deep and lasting change that could result in lifting millions of people out of poverty will only occur when the systems rather than only the individuals are changed or replaced The author challenges ordinary citizens especially the youth to rise up against animal farm systems in order to create the tomorrow to which they aspire and deserve
