Dreck Spurlock Wilson, Editor

African American Architects A Biographical Dictionary 1865 1945

Paul Finkelman

African American Architects A Biographical Dictionary 1865 1945:

African American Architects Dreck Spurlock Wilson, 2004-03 Since 1865 African American architects have been designing and building houses and public buildings but the architects are virtually unknown This work brings their lives and work to light for the first time

African-American Architects Dreck Spurlock Wilson, 2004 Since 1865 African American architects have been designing and building houses and public buildings but the architects are virtually unknown This work brings their lives and work to light for the first time

Julian Abele Dreck Spurlock Wilson, 2019-02-01 Julian Abele Architect and the Beaux Arts uncovers the life of one of the first beaux arts trained African American architects Overcoming racial segregation at the beginning of the twentieth century Abele received his architecture degree from the University of Pennsylvania in 1902 Wilson traces Abele s progress as he went on to become the most formally educated architect in America at that time Abele later contributed to the architectural history of America by designing over 200 buildings throughout his career including the Widener Memorial Library 1913 at Harvard University and the Free Library of Philadelphia 1917 Architectural history is a valuable resource for those studying architecture As such this book is beneficial for academics and students of architecture and architectural historians with a particular interest in minority discussions

Encyclopedia of African American History, 1896 to the Present Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century

Modern Architecture Graham Livesey, 2024-11-15 Modern Architecture The Basics examines technological stylistic socio political and cultural changes that have transformed the history of architecture since the late 18th century Broad definitions of modernity and postmodernity introduce the book which comprises 24 short thematic chapters looking at the concepts behind the development of modern and postmodern architecture These include major historical movements key figures and evolving building typologies There is also an emphasis on the changing city during the 19th and 20th centuries Approaches to representation and its impacts on architecture are studied along with the changing global role of architecture as cultural expression The book introduces new topics including gender race postcolonialism and indigeneity An undaunting contemporary and inclusive account of modern architectural history this is a must read for all students of architecture as well as those outside the discipline approaching the subject for the first time

Encyclopedia of African American Business Jessie Smith, 2017-11-27 This two volume set showcases the achievements of African American entrepreneurs and the various businesses that they founded developed or promote as well as the accomplishments of many African American leaders both those whose work is well known and other achievers who have been neglected in history Nearly everyone is familiar with New York City s Wall Street a financial center of the world but much fewer individuals know about the black Wall Streets in Durham and Tulsa where prominent examples of successful African American leaders emerged *Encyclopedia of African American Business Updated and Revised Edition*

tells the fascinating story that is the history of African American business providing readers with an inspiring image of the economic power of black people throughout their existence in the United States It continues the historical account of developments in the African American business community and its leaders describing the period from 18th century America to the present day The book describes current business leaders opens a fuller and deeper insight into the topics chosen and includes numerous statistical tables within the text and in a separate section at the back of the book The encyclopedia is arranged under three broad headings Entry List Topical Entry List and Africa American Business Leaders by Occupation This arrangement introduces readers to the contents of the work and enables them to easily find information about specific individuals topics or occupations The book will appeal to students from high school through graduate school as well as researchers library directors business enterprises and anyone interested in biographical information on African Americans who are business leaders will benefit from the work *African American Nonfiction Books in the 21st Century* Harry B. Dunbar, 2005 This work is essentially a bibliography consisting of a representative sampling of 58 nonfiction books published in the year 2004 about African Americans and about the issues that impacted and impact us viewed in the context of the canon of 664 selected from those published in the last two decades of the twentieth century The offerings of the mainstream press in the period 1939 1964 are cited as a backdrop Ninety one titles published over the years 2001 to 2003 constitute the sampling for that period The surge in the publication of books in the canon at the end of the 20th century is analyzed

Robert R. Taylor and Tuskegee Ellen Weiss, 2012-01-01 Ellen Weiss breaks important new ground in her remarkable monograph on Robert R Taylor This volume is by far the most detailed account we have of an African American architect Weiss vividly conveys the immense challenges faced by black architects and professionals of every kind especially during the rise of Jim Crow Along the way we get myriad insights on architectural education architect client relationships and the development of a major institution of higher learning Richard Longstreth George Washington University Architectural historian Ellen Weiss s book provides a wealth of little known factual information about Taylor and a scholarly historical analysis of his many contributions in architectural education and professional practice A must read for anyone with an interest in architecture and a certain reference for every architecture student Richard Dozier Dean Robert R Taylor School of Architecture Construction Science Tuskegee University Robert R Taylor s place in history as the first academically trained African American architect has been well known but an authoritative assessment of his contribution to American architectural and planning practice has remained elusive until now Weiss deftly interweaves the story of the Tuskegee campus with an examination of Taylor s pedagogy and the plight of black architects in the early twentieth century Gary Van Zante Curator of Architecture and Design Massachusetts Institute of Technology [Histories of Architecture Education in the United States](#) Peter L. Laurence, 2023-10-31 Histories of Architecture Education in the United States is an edited collection focused on the professional evolution experimental and enduring pedagogical approaches and leading institutions

of American architecture education Beginning with the emergence of architecture as a profession in Philadelphia and ending with the early work but unfinished international effort of making room for women and people of color in positions of leadership in the field this collection offers an important history of architecture education relevant to audiences both within and outside of the United States Other themes include the relationship of professional organizations to educational institutions the legacy of late nineteenth century design concepts the role of architectural history educational changes and trans Atlantic intellectual exchanges after WWII and the Cold War the rise of the city and urban design in the architect s consciousness student protests and challenges to traditional architecture education and the controversial appearance of environmental activism This collection in other words provides a relevant history of the present with topics of concern to all architects studying and working today

History of African Americans Thomas J. Davis, 2016-10-24 This rich cultural history of African Americans outlines their travails triumphs and achievements in negotiating individual and collective identities to overcome racism slavery and the legacies of these injustices from colonial times to the present One of every five Americans at the nation s beginning was an African American a fact that underscores their importance in U S growth and development This fascinating study moves from Africans early contacts with the Americas to African Americans 21st century presence exploring their role in building the American nation and in constructing their own identities communities and cultures Historian and lawyer Thomas J Davis s multi themed narrative of compelling content provides a historical overview of the rise of African Americans from slavery and segregation in their anti racist quest to enjoy equal rights and opportunities to reach the American Dream of pursuing happiness The work features portraits of individuals and treats images of African Americans in their roles as performers producers consumers and creators and as the face of social problems such as crime education and poverty
