Africans And Britons In The Age Of Empires 1660 1980:

Africans and Britons in the Age of Empires, 1660-1980 Myles Osborne, Susan Kingsley Kent, 2015-03-24 Africans and Britons in the Age of Empires 1660 1980 tells the stories of the intertwined lives of African and British peoples over more than three centuries In seven chapters and an epilogue Myles Osborne and Susan Kingsley Kent explore the characters that comprised the British presence in Africa the slave traders and slaves missionaries and explorers imperialists and miners farmers settlers lawyers chiefs prophets intellectuals politicians and soldiers of all colors The authors show that the oft told narrative of a monolithic imperial power ruling inexorably over passive African victims no longer stands scrutiny rather at every turn Africans and Britons interacted with one another in a complex set of relationships that involved as much cooperation and negotiation as resistance and force whether during the era of the slave trade the world wars or the period of decolonization The British presence provoked a wide range of responses reactions and transformations in various aspects of African life but at the same time the experience of empire in Africa and its ultimate collapse also compelled the British to view themselves and their empire in new ways Written by an Africanist and a historian of imperial Britain and illustrated with maps and photographs Africans and Britons in the Age of Empires 1660 1980 provides a uniquely rich perspective for understanding both African and British history *Africans and Britons in the Age of Empires, 1660-1980* Myles Osborne, Susan Kingsley Kent, 2015-03-24 Africans and Britons in the Age of Empires 1660 1980 tells the stories of the intertwined lives of African and British peoples over more than three centuries In seven chapters and an epilogue Myles Osborne and Susan Kingsley Kent explore the characters that comprised the British presence in Africa the slave traders and slaves missionaries and explorers imperialists and miners farmers settlers lawyers chiefs prophets intellectuals politicians and soldiers of all colors The authors show that the oft told narrative of a monolithic imperial power ruling inexorably over passive African victims no longer stands scrutiny rather at every turn Africans and Britons interacted with one another in a complex set of relationships that involved as much cooperation and negotiation as resistance and force whether during the era of the slave trade the world wars or the period of decolonization The British presence provoked a wide range of responses reactions and transformations in various aspects of African life but at the same time the experience of empire in Africa and its ultimate collapse also compelled the British to view themselves and their empire in new ways Written by an Africanist and a historian of imperial Britain and illustrated with maps and photographs Africans and Britons in the Age of Empires 1660 1980 provides a uniquely rich perspective for understanding both African and British history *New Directions in the Study of African American Recolonization* Beverly Tomek, Matthew J. Hetrick, 2022-10-18 Beginning in 1816 the American Colonization Society worked to send American blacks to resettle in Africa From inception however its foundational ethos has been debated These debates continued long after the effective end of the ACS during WWI through the Civil Rights movement to today when even historians among the Press s own authors respectfully hold opposing views In

this volume Beverly Tomek and Matthew Hetrick gather essays from scholars with different opinions and divergent methodologies offering not only new research to address some of the old questions about American colonization and missionary activities but also new questions to spur further debate

The Environment and International History Scott Kaufman, 2018-12-13 Studies of the history of international relations traditionally have focused on the decisions made by those at the highest levels of government In more recent years scholars have expanded their attention to cover economic cultural or social interactions among nations What has remained largely ignored however is the impact of an increasingly interdependent world upon the environment and conversely how environmental concerns have affected the ecology social relationships economics and politics at national regional and global levels The Environment and International History fills this gap looking at the interrelationship between international politics and the environment Using a transnational and interdisciplinary approach this book examines how imperialism war and a divergence of interests between the developed and underdeveloped world all have had implications for plants animals and humans worldwide

Anti-Colonialism and the Crises of Interwar Fascism Michael Ortiz, 2023-01-12 What is fascism Is it an anomaly in the history of modern Europe Or its culmination In Anti Colonialism and the Crises of Interwar Fascism Michael Ortiz makes the case that fascism should be understood in part as an imperial phenomenon He contends that the Age of Appeasement 1935 1939 was not a titanic clash between rival socio political systems fascism and democracy but rather an imperial contest between satisfied and unsatisfied empires Historians have long debated the extent to which Western imperialisms served as ideological and intellectual precursors to European fascisms To date this scholarship has largely employed an inside out methodology that examines the imperial discourses that pushed fascist regimes outward into Africa Asia and the Americas While effective such approaches tend to ignore the ways in which these places and their inhabitants understood European fascisms Addressing this imbalance Anti Colonialism adopts an outside in approach that analyses fascist expansion from the perspective of Indian anti colonialists such as Jawaharlal Nehru Subhas Bose and Mohandas Gandhi Seen from India the crises of Interwar fascism the Second Italo Ethiopian War Spanish Civil War Second Sino Japanese War Munich Agreement and the outbreak of the Second World War were yet another eruption of imperial expansion analogous although not identical to the Scramble for Africa and the Treaty of Versailles Whether fascist democratic or imperialist Europe s great powers collectively negotiated the fate of smaller nations

The Gifts of Africa Jeff Pearce, 2022-04-15 The West will begin to understand Africa when it realizes it s not talking to a child it s talking to its mother So writes Jeff Pearce in the introduction to his fascinating groundbreaking work The Gifts of Africa How a Continent and Its People Changed the World We learn early on in school how Europe and Asia gave us important literature science and art and how their nations changed the course of history But what about Africa There are plenty of books that detail its colonialism corruption famine and war but few that discuss the debt owed to African thinkers and innovators In The Gifts of Africa we meet Zera Yacob an Ethiopian philosopher who developed the same critical approach

and several of the same ideas as Ren Descartes We consider how Somalis traded with China and we meet the African warrior queens who still inspire national pride We explore how Liberia s Edward Wilmot Blyden deeply influenced Marcus Garvey and we sneak into the galleries and theaters of 1920s Paris where African art and dance first began to make huge impacts on the world Relying on meticulous research Pearce brings to life a rich intellectual legacy and profiles modern innovators like acclaimed griot Papa Susso and renowned economist George Ayittey from Ghana From the ancient Nubians to a Nigerian superstar in modern painting and sculpture from the father of sociology in the Maghreb to how the Mau Mau in Kenya influenced Malcom X The Gifts of Africa is bold engaging and takes the reader on a journey of thousands of years up to the present day Past works have reinforced misconceptions about Africa from its oral traditions and languages to its resistance to colonial powers Other books have treated African achievements as a parade of honorable mentions and novelties This book is different refreshingly different It tells the stories behind the milestones and provides insights into how great Africans thought and how they passed along what they learned Provocative and entertaining The Gifts of Africa at last gives the continent its due and it should change the way we learn about the interactions of cultures and how we teach the history of the world

Governing Kenya Gedion Onyango, Goran Hyden, 2021-04-15 This book is authored by some of the renowned scholars in Africa who take on the task to understand how Kenya is governed in this century from a public policy perspective The book s public policy approach addresses three general and pertinent questions 1 how are policies made in a political context where change is called for but institutional legacies tend to stand in the way 2 how are power and authority shared among institutional actors in government and society and 3 how effective is policymaking at a time when policy problems are becoming increasingly complex and involving multiple stakeholders in Africa This book provides an updated and relevant foundation for teaching policy politics and administration in Kenya It is also a useful guide for politicians the civil society and businesses with an interest in how Kenya is governed Furthermore it addresses issues of comparability how does the Kenyan case fit into a wider African context of policymaking This volume is a major contribution to comparative policy analysis by focusing on the policy processes in Kenya a country undergoing modernization of its economic and political institutions Written by experts with a keen eye for the commonalities and differences the country shares with other nations it covers a range of topics like the role of experts and politicians in policymaking the nature of public accountability the impact of social media on policy actors and the challenges of teaching policy studies in the country As a first comprehensive study of an African nation Governing Kenya will remain a key text for years to come Michael Howlett Burnaby Mountain Chair of Political Science Simon Fraser University Canada A superb example of development scholarship which sets aside best practice nostrums and focuses on governance challenges specific to time and place while holding on to a comparative perspective Useful to scholars and practitioners not only in Kenya but across developing areas I strongly recommend it Brian Levy teaches at the School of Advanced International Studies Johns Hopkins University USA and the University of Cape Town

South Africa This book is an exploration of important deliberations of interest for those of us interested in deepening the understanding of public policy theories and their application within a specific African setting Wilson Muna Lecturer of Public Policy Kenyatta University Nairobi Kenya This collection of think pieces on public policy in Kenya gives the reader theoretical and practical hooks critical to the analysis of the implementation of the sovereign policy document in Kenya the 2010 Constitution Willy Mutunga Chief Justice President of the Supreme Court Republic of Kenya 2011 2016 Governing Kenya provides a comprehensive analysis of public policymaking in Kenya The book integrates public policy theory with extensive empirical examples to provide a valuable portrait of the political and economic influences on policy choices in this important African country The editors have brought together a group of significant scholars to produce an invaluable contribution to the literature on public policy in Africa B Guy Peters Maurice Folk Professor of American Government University of Pittsburgh USA

A Global View of Race and Racism Judy Root Aulette, 2017 A Global View of Race and Racism is the only text currently on the market that explores race and racism from a global perspective With a clear and direct writing style author Judy Root Aulette places an emphasis on sociological concepts as an organizing factor Featuring nine short chapters focused on a broad range of nations around the world this brief text examines central concepts and issues in racial ethnic studies including apartheid assimilation colonialism multi ethnicity caste ethnonationalism white frames genocide migration and affirmative action Each chapter discusses the ways in which racist structures and practices have been or are being challenged Chapters also include critical thinking questions and highlighted key concepts and terms which are summarized in a glossary at the end of the book

Routledge Handbook of Africa-Asia Relations Pedro Amakasu Raposo, David Arase, Scarlett Cornelissen, 2017-10-30 The Routledge Handbook of Africa Asia Relations is the first handbook aimed at studying the interactions between countries across Africa and Asia in a multi disciplinary and comprehensive way Providing a balanced discussion of historical and on going processes which have both shaped and changed intercontinental relations over time contributors take a thematic approach to examine the ways in which we can conceptualise these two very different yet inextricably linked areas of the world Using comparative examples throughout the chronological sections cover Early colonialist contacts between Africa and Asia Modern Asia Africa interactions through diplomacy political networks and societal connections Africa Asia contemporary relations including increasing economic security and environmental cooperation This handbook grapples with major intellectual questions defines current research and projects future agendas of investigation in the field As such it will be of great interest to students of African and Asian Politics as well as researchers and policymakers interested in Asian and African Studies

A New History of Britain Since 1688 Susan Kingsley Kent, 2017 Based on the most current scholarship concerning gender race ethnicity and empire this 15 chapter textbook comprehensively examines the development of and contestations against a British identity among the constituent parts of the United Kingdom since 1688 It takes seriously the role of Scotland Wales and Ireland in this process and brings Britain s

imperial subjects and lands into the narrative showing how integral empire was to the UK's historical development. It examines the role environmental factors in economic development and their impact on the health and welfare of British citizens and subjects and it uses gender in particular to illuminate power dynamics across a variety of settings. All this in a manageable length. Provided by publisher.
