After Art Point Essays On Architecture:

After Art David Joselit, 2012-10-28 How digital networks are transforming art and architecture Art as we know it is dramatically changing but popular and critical responses lag behind In this trenchant illustrated essay David Joselit describes how art and architecture are being transformed in the age of Google Under the dual pressures of digital technology which allows images to be reformatted and disseminated effortlessly and the exponential acceleration of cultural exchange enabled by globalization artists and architects are emphasizing networks as never before Some of the most interesting contemporary work in both fields is now based on visualizing patterns of dissemination after objects and structures are produced and after they enter into and even establish diverse networks Behaving like human search engines artists and architects sort capture and reformat existing content Works of art crystallize out of populations of images and buildings emerge out of the dynamics of the circulation patterns they will house Examining the work of architectural firms such as OMA Reiser Umemoto and Foreign Office as well as the art of Matthew Barney Ai Weiwei Sherrie Levine and many others After Art provides a compelling and original theory of art and architecture in the age of global networks [A Companion to Critical and Cultural Theory](#) Imre Szeman, Sarah Blacker, Justin Sully, 2017-07-07 This Companion addresses the contemporary transformation of critical and cultural theory with special emphasis on the way debates in the field have changed in recent decades Features original essays from an international team of cultural theorists which offer fresh and compelling perspectives and sketch out exciting new areas of theoretical inquiry Thoughtfully organized into two sections lineages and problematics that facilitate its use both by students new to the field and advanced scholars and researchers Explains key schools and movements clearly and succinctly situating them in relation to broader developments in culture society and politics Tackles issues that have shaped and energized the field since the Second World War with discussion of familiar and under theorized topics related to living and laboring being and knowing and agency and belonging *Eating Architecture* Jamie Horwitz, Paulette Singley, 2004 A highly original collection of essays that explore the relationship between food and architecture the preparation of meals and the production of space **Mean Boys** Geoffrey Mak, 2024-04-30 An intellectually vivid and curious collection that refuses to find simple answers to its complex questions NPR Books We Love This book is a rare comfort a companion Makes you say yes that is exactly how it is Torrey Peters A ferocious inquiry into art and desire style and politics madness and salvation and coming of age in our volatile image obsessed present You know them when you see them mean boys take up space wielding cruelty to claim their place in the pecking order Some mean boys make art or music or fashion others make memes Mean boys stomp the runways in Milan and Paris mean boys marched at Charlottesville And in the eyes of critic and style expert Geoffrey Mak mean boys are the emblem of our society an era ravenous for novelty always thirsting for the next edgy thing even at our peril In this pyrotechnic memoir in essays Mak ranges widely over our landscape of paranoia crisis and frenetic clickable consumption He grants readers an inside pass to the spaces where culture

was made and unmade over the past decade from the antiseptic glare of white walled galleries to the darkest corners of Berlin techno clubs As the gay son of an evangelical minister Mak fled to those spaces hoping to join a global influential elite But when calamity struck it forced Mak to confront the costs of mistaking status for belonging Fusing personal essay and cultural critique Mean Boys investigates exile and return transgression and forgiveness and the value of faith empathy and friendship in a world designed to make us want what is bad for us

A History of Western Architecture David Watkin,2005 The history of Western architecture from the earliest times in Mesopotamia and Egypt to the dramatic impact of CAD on architectural practice at the beginning of the 21st century
