Approaches to Qualitative Research Patricia Leavy, 2004      **The Practice of Qualitative Research** Sharlene Nagy Hesse-Biber, Patricia L. Leavy, 2011 This book provides undergraduate and beginning graduate students with a hands on introduction to qualitative research methods through the use of in depth examples and out of class exercises Rather than de linking theory from methods and presenting students with a laundry list of methods like so many texts do The Practice of Qualitative Research provides readers with the link between theory and methods throughout the book Starting with how to develop a good research question the authors carefully show the nuts and bolts of data collection including issues of sampling validity reliability and ethics the multiplicity of considerations and how to sort through them during research design the how to s of each major qualitative approach and conclude with data analysis interpretation and reporting The Practice of Qualitative Research is designed for upper level undergraduate and graduate level courses that introduce the student to Qualitative Research The book provides coverage on the foundations of qualitative research the methods used in doing the research and how you analyze the data and present it      *Designing Qualitative Research* Catherine Marshall, Gretchen B. Rossman, 2011 This popular text provides useful and pragmatic guidance for developing and successfully defending proposals for qualitative inquiry The Fifth Edition addresses the advances and challenges presented by developments and new applications while providing direct guidance Focusing on the proposal stage of research this edition allows the reader to have a clear plan for data analysis and for the challenging varieties of final reports of qualitative inquiries The new edition includes expanded coverage of ethics analysis processes and approaches and is full of updated vignettes that illustrate the methodological challenges that face today s qualitative researcher This edition also includes discussions about distance based research such as email interviews and online discussion groups the implications of postmodern turns integrating archival material in qualitative research and creative ways of presenting the research This text is an invaluable resource to teachers and students of research methods across disciplines and is a must for the library of those using qualitative approaches      **The Practice of Qualitative Research** Sharlene Nagy Hesse-Biber, Patricia Leavy, 2006 Covering all the key mainstream qualitative methods this book offers candid wisdom tips from leading researchers that will help students with the process of completing a successful research project      Handbook of Emergent Methods Sharlene Nagy Hesse-Biber, Patricia Leavy, 2013-10-15 Social researchers increasingly find themselves looking beyond conventional methods to address complex research questions This is the first book to comprehensively examine emergent qualitative and quantitative theories and methods across the social and behavioral sciences Providing scholars and students with a way to retool their research choices the volume presents cutting edge approaches to data collection analysis and representation Leading researchers describe alternative uses of traditional quantitative and qualitative tools innovative hybrid or mixed methods and new techniques facilitated by technological advances Consistently formatted chapters explore the strengths and limitations of

each method for studying different types of research questions and offer practical in depth examples      *The SAGE Handbook of Grounded Theory* Antony Bryant, Kathy Charmaz, 2010-02-11 This Handbook gives a comprehensive overview of the theory and practice of grounded theory taking into account the many attempts to revise and refine Glaser and Strauss original formulation      *Hybrid Identities* Keri E. Iyall Smith, Patricia Leavy, 2008 Combining theoretical and empirical pieces this book explores the emerging theoretical work seeking to describe hybrid identities while also illustrating the application of these theories in empirical research The sociological perspective of this volume sets it apart Hybrid identities continue to be predominant in minority or immigrant communities but these are not the only sites of hybridity in the globalized world Given a compressed world and a constrained state identities for all individuals and collective selves are becoming more complex The hybrid identity allows for the perpetuation of the local in the context of the global This book presents studies of types of hybrid identities transnational double consciousness gender diaspora the third space and the internal colony Contributors include Keri E Iyall Smith Patrick Gun Cuninghame Judith R Blau Eric S Brown Fabienne Darling Wolf Salvador Vidal Ortiz Melissa F Weiner Bedelia Nicola Richards Keith Nurse Roderick Bush Patricia Leavy Trinidad Gonzales Sharlene Hesse Biber Emily Brooke Barko Tess Moeke Maxwell Helen Kim Bedelia Nicola Richards Helene K Lee Alex Frame Paul Meredith David L Brunsma and Daniel J Delgado      **Grounded Theory** Melanie Birks, Jane Mills, 2011-01-19 This is a highly practical book which introduces the whole range of grounded theory approaches Unlike most existing books in this area which are written from a particular philosophical standpoint this text provides a comprehensive description of the strategies and techniques employed in this methodology Birks and Mills accessible and highly readable text is driven by practical case examples throughout to help the reader get to grips with the process of doing grounded theory analysis for themselves The book deploys a variety of educational activities to guide readers through both the principles and the application of grounded theory making this an ideal starter text for those new to the approach This is an ideal first introduction to grounded theory for any student or researcher looking to use grounded theory approaches in their analysis for the first time      *Art and Belief* Ruth Illman, 2014-09-19 Art and Belief explores communication between faiths through an examination of contemporary artistic practice The book discusses how a range of artists formulate their worldview and what motivates them to engage in dialogue These artists are engaged in a wide range of artistic forms and practice and come to dialogue from diverse religious positions The aim of the book is to question the assumptions of interreligious dialogue as a largely intellectual exercise in defining the religious other and to explore dialogue as a manifestation of interpersonal ethics      *Fiction as Research Practice* Patricia Leavy, 2013-04-15 The turn to fiction as a social research practice is a natural extension of what many researchers and writers have long been doing Patricia Leavy a widely published qualitative researcher and a novelist explores the overlaps and intersections between these two ways of understanding and describing human experience She demonstrates the validity of literary experimentation to the qualitative researcher and how to incorporate these practices

into research projects Five short stories and excerpts from novellas and novels show these methods in action This book is an essential methodological introduction for those interested in studying or practicing arts based research
