ten kingdom federation described in Daniel that will be ruled by the Antichrist during the seven year tribulation Factual Faith - Belief Founded on Truth Jaco Prinsloo, 1900 Today there are more than 10 000 religious beliefs in the world Your belief in the supernatural or the lack thereof will be among the myriad of beliefs that are held by various peoples and nations in this world How did you choose your belief system and are you 100% sure that what you believe is actually true Can you offer reliable proof to those in search of answers to substantiate your viewpoint on the matter Have you ever asked yourself why we as humans no matter where we find ourselves on the planet are the only creatures with a built in need to worship some form of Deity We walk around with so many more irrational beliefs than we realise and this can have an extreme effect on the way we think and behave We have been bombarded with information and influenced by our upbringing The foundation of our unique cultural development lies in the influence of our nurturing by parents in our personalities and the interaction with our environment and our peers In recent years people have been taught to adopt a relativistic viewpoint and not to think critically about subjects they would rather accept the popular mind set even when refuting factual evidence stares them in the face If you do not agree with what the majority sees as true and trendy it can negatively affect your social status and even your career and who wants that Prinsloo gives a sincere and accurately researched look at the flaws in modern day perceptions on extremely profound life issues If you have been intrigued by the Universe and the complexity and diversity of life on Earth and doubted the reality of the spiritual this book will bring you to the realisation that it is the one subject in which you can have 100% confidence of it being factual and true You have probably asked many questions on matters pertaining to the very essence of your being and on the truth about the Universe life and the world in which we live as philosophers and scientists have done over centuries In this book you will find your answers based on provable facts and thorough scientific verification presented in an accessible and logic fashion This work challenges mainstream theories like Relativism and Darwinism and offers innovative evidence for belief in the supernatural through verifiable evidence in an enjoyable and interesting way It provides tangible proof which you can easily verify for yourself You will be challenged by questions like How does one prove something to be factual and true What are the motives for accepting unfounded beliefs and why keep on believing in something that is already proven false Would you have more confidence in your belief if you had access to scientifically provable facts that supported and substantiated your viewpoint Does God exist Can we prove that He exists Who is He really and what are the implications for my life Whenever you encounter new ideas or views you will be called upon to contrast them against those concepts and theories that you have always believed to be true Many of these ideas and theories have simply been chosen and adopted by people in defiance of the truth since the alternative would not fit their worldview or the responsibility it would require of them This book will help you not to become an influenced victim of untrue modern trends but will place you in a position of knowledge and authority to defend your beliefs Read this ground breaking book you who dare and the secret motives of your belief system will reveal themselves to you *Wizards That Peep*

Siegbert W Becker,1978-01-01 What is the occult People are fascinated by the occult from depictions of ghosts and spirits in movies and TV shows to fortune tellers and Tarot cards But what exactly is it Do horoscopes and astrology fall under that broad category What else is considered the occult and why should you avoid it as a Christian In the Bible God asked his people through the prophet Isaiah why they consulted mediums and spiritists who whisper and mutter or as the King James Version puts it Wizards that peep and mutter He urged them to turn only to him for answers to their problems and to be aware of the dangers they faced by interacting with the occult This compelling book takes Christian readers into the taboo world of the occult which is still very much alive to this day so that you are aware of its dangers Author and Pastor Siegbert Becker examines what the Bible has to say about occult practices and provides modern examples of them including Divination Fortune telling Witchcraft Demon possession Magic Satanism A powerful writer and compelling preacher Becker presents you with your best defense against the occult and how to avoid its enticing allure The gospel of God s redeeming love in Christ who came to destroy all the works of the devil *Romans: Jimmy Swaggart Bible Commentary* Jimmy Swaggart,1996 ROMANS BIBLE COMMENTARY After nearly 40 years of full time ministry Brother Swaggart published his first commentary on the book of Genesis that was later described as the most helpful Bible commentary ever published It would take nearly 20 years to complete the entire commentary series from Genesis to Revelation True to Pentecostal theology the Jimmy Swaggart Commentary collection leads its readers chapter by chapter to a better understanding of the Bible Rather than providing notes on every Bible verse these commentaries focus on the salient verses of each chapter to offer the reader a condensed synopsis of what the Holy Spirit intended Where most relevant cultural and historical references are also included along with explanations of the allegories types and symbolisms used in the Bible to add depth and dimension for students of the Holy Scriptures Yet what seems to separate this work from all other commentaries are the biblical applications made to present day circumstances facing every believer Printed on high quality paper and bound with a beautiful hardback cover this unique reference will be cherished by anyone who loves to study the Word of God
