Bible Detectives Exodus Activity:

Bible Detectives Exodus Ros Woodman, 2005 What is the book of Exodus about What does God have to say about Pharaoh the land of Egypt and the Israelite Slaves Who was Moses What did Miriam do What happened at the Red Sea With the help of their computer faxes and modems The Bible Detectives are ready to get to grips with this mystery **Interpretive**

Adventures Phillip Michael Garner, 2017-06-27 Interpretive Adventures displays a written synthesis of the biblical scholar and the practicing missionary The first chapters offer theological originality on the Exodus Story deconstructs the story of Solomon's wisdom challenges traditional readings of Ananias and Sapphira and reads stories from Samuel as examples of the construction for a nation state The chapter on a feminist reading of Judges stands out as a formidable challenge for improved gender relations A careful study of the female characters reveals an important theological concern of God and makes a statement about humanity's treatment of women in relation to violence From the vociferous Achsah to the final character the silent concubine the decline of the female voice coincides with the escalation of violence The final theological statement uncovers male treatment of women as a precursor to genocide It can be said that Judges teaches us that once the female voice is silenced in a given society then that society is subject to committing acts of genocide The author's experience as a teacher and missionary contribute to the final chapters that provide the reader with liberative missional practices for various communities of need in the Philippines A few brief stories highlight the author's experiences **Atheism in Christianity**

Ernst Bloch, 2009-06-01 In the twenty first century religion has come under determined attack from secular progressives in documentaries opinion pieces and international bestsellers Combative atheists have denounced faiths of every stripe resulting in a crude intellectual polarization in which religious convictions and heritage must be rejected or accepted wholesale In the long unavailable *Atheism in Christianity* Ernst Bloch provides a way out from this either/or debate He examines the origins of Christianity in an attempt to find its social roots pursuing a detailed study of the Bible and its fascination for ordinary and unimportant people In the biblical promise of utopia and the scriptures antagonism to authority Bloch locates Christianity's appeal to the oppressed Through a lyrical yet close and nuanced analysis he explores the tensions within the Bible that promote atheism as a counter to the authoritarian metaphysical theism imposed by clerical exegesis At the Bible's heart he finds a heretical core and the concealed message that paradoxically a good Christian must necessarily be a good atheist This new edition includes an introduction by Peter Thompson the Director of the Centre for Ernst Bloch Studies at the University of Sheffield **Families, the Environment, Sports and Competition** David Cook

Publishers, 2000-06 It's All in the Family The word family has a very different meaning today than it did not much more than ten years ago It used to be the family meant two parents and their children all living together often with the father being the provider and the mother the homemaker Today fewer children live in that kind of family No doubt in your class you have some kids who live in single parent homes or step families or at least one child who is living in an abusive situation In

America today many millions of our children are experiencing great stress in the setting that God intended to be the source of love security and teaching about life Even children who live in two parent families are often anxious about the possibility of a divorce happening in their families and those who have experienced divorce or abuse struggle to cope with their situations This unit will address some of these issues giving your students a safe place to talk about any concerns they may have about their families It will also present perspective by reassuring them that there are no perfect families and that they can enjoy living in their families when they learn that everyone has to work hard to make a family special You will also have an opportunity to share with them the privilege they have to belong to God s family and show them how they can respond to God s invitation to do so and

For the Love of God Tony Antonellis,2021-12-09 For the Love of God An Approach to Peace Coexistence Community and Truth By Tony Antonellis Tony Antonellis s mother always told him he should never discuss religion in public but he believes we all need to be talking about religion a whole lot more In a world marked and divided by countless religious sects in which differences are perceived as more important than similarities For the Love of God calls for all humans to come together under the one thing that connects us all God Through a deep and thought provoking analysis of the world s greatest religions Antonellis puts forth his theory of God centeredness a pluralistic open ended understanding that is appropriate to humanity s finite reality
