## **Brotherhood Blood Bianca Darc:**

Phoenix and the Wolf Bianca D'Arc,2018-08-14 Diana doesn't understand what's happening to her. She feels drawn to the sun and dreams of flying under her own power but her commitments in the real world and the grandmother who depends on her keep her grounded. Then her car breaks down in front of a high end repair yard and she meets a man who makes her want to forget all her responsibilities and take a walk on the wild side with him. Stone's enchanted by the redheaded damsel. He's charmed by the way she talks to her grandma on the phone. And he's totally ensnared by the idea that she might actually be his mate. But there's something about her. Something intensely magical and a bit too familiar. Could she be another of the near mythical phoenix shifters? Or is she something else entirely.

**Alpha Bear** Bianca D'Arc,2016-03-22 A man with a plan. John is the Alpha bear of Grizzly Cove, a town built to his own design, made up mostly of bear shifters. He brought them all together so it's on him when the community comes under attack. A woman of power, Ursula, is more than she appears and when her secret comes out, she's afraid the shifters aren't going to take it well, but John surprises her. He needs her help to combat the evil targeting the town, but there seems to be more to their relationship. A battle to the death. When evil attacks from the ocean, can John afford not to utilize Urse's skills to protect the town and people in it? Better still, can John reconcile his inner bear's demand that she is his mate with his lifelong dream of leading his people into a new way of living in a town built just for them? Or will he have to give up Grizzly Cove in order to keep the woman he loves?

Night Shade Bianca D'Arc,2018-06-26 When chance gives him a second shot at being all he can be, Matt grabs it with both hands, just like the sexy doctor who is technically under him on the team. What he really wants is her under him in his bed. She holds a terrible secret. Tapped for a classified military program, Dr. Eileen McCormick has nothing left to lose. Bad enough her genetic experiments were used to turn innocent victims into zombies. Worse still, a ruthless ex-colleague is threatening to expose her unless she joins his sinister research project. Now the only way she can set things right is to develop an antidote under the watchful blue eyes of Commander Matt Sykes. An uncompromising man, Matt's penetrating gaze unnerves her and attracts her in equal measure. The Navy Commander has a sixth sense for lies as well as danger. Eileen may be the only person who can eradicate the zombie virus before it reaches epidemic proportions, but he still can't let her passionate determination affect his steely cool or keep him from discovering where her true loyalties lie. She is a target. He's her protector. As the clock ticks down, Matt and Eileen's uneasy trust may be their only way to avert catastrophe if it doesn't get them killed first. Eileen is terrified of her former colleagues and drawn to Matt's compelling kisses. The commander will uncover all her deepest secrets, but can they survive the revelations?
