The Biology of Belief 10th Anniversary Edition Bruce H. Lipton, PHD,2015-10-13 Unleashing the power of consciousness matter and miracles It has been ten years since the publication of *The Biology of Belief* Bruce Lipton s seminal book on the relationship between mind and body that changed the way we think about our lives our health and our

planet During that time research in this field has grown exponentially Lipton s groundbreaking experiments have now been endorsed by more than a decade of rigorous scientific study In this greatly expanded edition Lipton a former medical school professor and research scientist explores his own experiments and those of other leading edge scientists that have unraveled in ever greater detail how truly connected the mind body and spirit are It is now widely recognized that genes and DNA do not control our biology Instead they are controlled by signals from outside the cell including energetic messages emanating from our thoughts This profoundly hopeful synthesis of the latest and best research in cell biology and quantum physics puts the power to create a healthy joyous life back in our own hands When we transform our conscious and subconscious thoughts we transform our lives and in the process help humanity evolve to a new level of understanding and peace **Coherence**

Carlos Orozco,2019-07-27 Coherence is the flow of information from the intention to the purpose and from the purpose to the significance In other words every WHAT Intention has a WHAT FOR purpose and a WHY significance that leads to Congruency Coherence is enforced with truthfulness honesty transparency integrity and it is weakened and blocked by betrayal lies mis representation and toxic relationships at a physical emotional personal and spiritual levels The intention purpose and significance are of electromagnetic nature the resulting coherence and congruency allows for the collapse of the electromagnetic wave function giving way to the formation of vortices via the generation of gravitational waves followed by scalar waves This is possible because of the angular momentum generated by spinning energy , **Managing Stress:**
