Brussels I Regulation Brussels I Regulation:

Brussels I Regulation Ulrich Magnus, Peter Mankowski, 2009-04-27 This commentary is the first full scale article by article commentary in English ever to address the Brussels I Regulation It is truly European in nature and style It provides thorough and succinct indepth analysis of every single article and offers most valuable guidance for lawyers judges and academics throughout Europe It is an indispensable working tool for all practitioners involved in this field of law The Brussels I Regulation is by far the most prominent cornerstone of the European law of international civil procedure Its imminence could be easily ascertained by every practitioner even remotely concerned with cross border work in Europe However arcane private international law in general might appear to practitioners the Brussels I Regulation is a well known and renowned instrument A true first The first truly European commentary on the Brussels I Regulation the fundamental Act for jurisdiction recognition and enforcement throughout Europe The first commentary on the Brussels I Regulation written by a team from all over Europe The first article by article commentary on the Brussels I Regulation in English *Brussels I Regulation* Alfonso-Luis Calvo Caravaca, 2007 This title part of the new European Commentaries on Private International Law series is devoted to the Brussels I Regulation dealing with jurisdiction and recognition of judgments in civil and commercial law matters Contributors in the series include leading experts from almost all EU member states The series initiates a new specific European style of commenting on European enactments merging the various and thus far cross national methods of interpretation of legislative acts Commentaries will pay tribute to the practice of the European Court of Justice and to relevant judgments of national courts as well Moreover the needs of practitioners and the requirements of the practice will receive particular attention *The Brussels I Regulation Recast* Andrew Dickinson, Eva Lein, Andrew James (Researcher), 2015 The Brussels I Regulation has undergone a lengthy review process resulting in Regulation EU No 1215/2012 of 12 December 2012 on jurisdiction and the recognition and enforcement of judgements in civil and commercial matters recast the provisions of which apply from 10 January 2015 This work written by a number of leading experts provides a a concise article by article commentary on all the recast Regulation s provisions with reference to the existing case law of the European Court of Justice and leading national decisions It also offers additional focus on the newly introduced changes in particular to the provisions on lis pendens and the recognition and enforcement of judgements *The Interconnection of the EU Regulations Brussels I Recast and Rome I* Christoph Schmon, 2020-03-17 This book deals with the interconnection between the Brussels I Recast and Rome I Regulations and addresses the question of uniform interpretation A consistent understanding of scope and provisions is suggested by the preamble of the Rome I Regulation Without doubt it is fair to presume that the same terms bear the same meaning throughout the Regulations The author takes a closer look at the Regulations systems guiding principles and their balance of flexibility and legal certainty He starts from the premise that such analysis should prove particularly rewarding as both legal acts have their specific DNA The Brussels I Recast Regulation

has a procedural focus when it governs the allocation of jurisdiction and the free circulation of judgments. The multilateral rules under the Rome I Regulation by contrast are animated by conflict of laws methods and focus on the delimitation of legal systems. This fourth volume in the Short Studies in Private International Law Series is primarily aimed at legal academics in private international law and advanced students. But it should also prove an intriguing read for legal practitioners in international litigation. Christoph Schmon is a legal expert in the fields of Private International Law, Consumer Law and Digital Rights. After serving in research positions at academic institutes in Vienna and London, he focused on EU policy and law making. He is appointed expert of advisory groups to the EU Commission.
