A Short History Of The Twentieth Century:

A Short History of the Twentieth Century John Lukacs, 2013-10-07 The great themes woven through John Lukacs's spirited concise history of the twentieth century are inseparable from the author's own intellectual preoccupations: the fading of liberalism, the rise of populism and nationalism, the achievements and dangers of technology, the continuing democratization of the globe and the limitations of knowledge.

A Short History of Twentieth-century England Thomas Leckie Jarman, 1963 London ed Blandford Press has title Democracy and world conflict 1868-1962 Includes bibliography

A Short History of Denmark in the 20th Century Bo Lidegaard, 2009

A History of the World from the 20th to the 21st Century John Ashley Soames Grenville, 2005 Provides a comprehensive survey of the key events and personalities of this period

A Short History of Twentieth-century Technology Trevor Illtyd Williams, 1960

A Short History of Western Political Thought W. M. Spellman, 2017-09-16 This brief narrative survey of political thought over the past two millennia explores key ideas that have shaped Western political traditions. Beginning with the Ancient Greeks' classical emphasis on politics as an independent sphere of activity, the book goes on to consider the medieval and early modern Christian views of politics and its central role in providing spiritual leadership. Concluding with a discussion of present-day political thought, W. M. Spellman explores the return to the ancient understanding of political life as a more autonomous sphere and one that doesn't relate to anything beyond the physical world. Setting the work of major and lesser-known political philosophers within its historical context, the book offers a balanced and considered overview of the topic, taking into account the religious values, inherited ideas, and social settings of the writers. Assuming no prior knowledge and written in a highly accessible style, *A Short History of Western Political Thought* is ideal for those seeking to develop an understanding of this fascinating and important subject.

A Short History of the Twentieth Century Geoffrey Blainey, 2008-07-23 Geoffrey Blainey's *Short History of the World*, published by Ivan R Dee in 2002, rapidly became a book of choice on the subject. Jacques Barzun called it a unique achievement, and William L O'Neill described it as a delightful read, gracefully written and filled with odd and interesting pieces of information as well as thoughtful comparisons that span both time and space. Now Mr Blainey has applied his narrative talents and his scholarly credentials to trace the history of a tempestuous century. *A Short History of the Twentieth Century* carries some of the excitement of the times as well as the power of unforeseen events. The theme that dominates much of the book is war and peace, a nervous peace which gripped the attention of most people who lived through a large part of the century. Mr Blainey's talent for identifying the telling detail, the crucial event, the key personality makes for masterful storytelling, and his interest ranges wide over the fields of human activity; he is concerned not only with major transformations but also with the everyday experiences of people around the world. Taking the story from the dawn of a century ripe with promise, especially for Europeans, he shows how and why empires soon fell, igniting wars and revolutions that continued intermittently through the period: economic depressions that brought great powers to their knees, totalitarian

governments that doled out misery to their citizens a Middle East in turmoil and a resurgent Islam But he has more mundane concerns as well How were children raised Why did cities grow so large How did new machines and technology influence a thousand activities How did films radio and automobiles transform social life A Short History of the Twentieth Century entertains like a novel educates and informs like the best of teachers With 10 maps key personality makes for masterful storytelling and his interest ranges wide over the fields of human activity he is concerned not only with major transformations but also with the everyday experiences of people around the world Taking the story from the dawn of a century ripe with promise especially for Europeans he shows how and why empires soon fell igniting wars and revolutions that continued intermittently through the period economic depressions that brought great powers to their knees totalitarian governments that doled out misery to their citizens a Middle East in turmoil and a resurgent Islam But he has more mundane concerns as well How were children raised Why did cities grow so large How did new machines and technology influence a thousand activities How did films radio and automobiles transform social life A Short History of the Twentieth Century entertains like a novel educates and informs like the best of teachers With 10 maps key personality makes for masterful storytelling and his interest ranges wide over the fields of human activity he is concerned not only with major transformations but also with the everyday experiences of people around the world Taking the story from the dawn of a century ripe with promise especially for Europeans he shows how and why empires soon fell igniting wars and revolutions that continued intermittently through the period economic depressions that brought great powers to their knees totalitarian governments that doled out misery to their citizens a Middle East in turmoil and a resurgent Islam But he has more mundane concerns as well How were children raised Why did cities grow so large How did new machines and technology influence a thousand activities How did films radio and automobiles transform social life A Short History of the Twentieth Century entertains like a novel educates and informs like the best of teachers With 10 maps elling and his interest ranges wide over the fields of human activity he is concerned not only with major transformations but also with the everyday experiences of people around the world Taking the story from the dawn of a century ripe with promise especially for Europeans he shows
