A Study In Survival Conan Doyle Solves The Final Problem:

A Study in Survival Roger Straughan, 2009-11-01 Here is dramatic new evidence for the survival of our individual personalities after death It is provided by an astonishing series of recent communications from a man who died in 1930 and whose mission when alive was to bring just such evidence to the notice of the widest possible audience Sir Arthur Conan Doyle

The Medium and the Minister Roger Straughan, 2022-04-29 You don't have to be religious to believe there may be a life after death The Medium and the Minister explores psychical and religious approaches to the possibility of an afterlife The tensions and conflicts between these two approaches and the heated controversies they have generated are illustrated by a number of case studies These focus on the challenges posed by psychical research and spiritualism to orthodox religion as the ultimate authority for information and teaching about the afterlife Prominence is given initially to the campaigns of Sir Arthur Conan Doyle and Sir Oliver Lodge which aimed to publicise the psychical evidence and to the Church's reaction to them Later developments and initiatives to try to reconcile the opposing positions are then examined in the light of further psychical research The issues raised are shown to be still highly relevant to current beliefs and attitudes and to the question of what might constitute evidence for life after death

Two, To One, Be Carrie Carlson, 2014-10-28 In 2009 a few inspired individuals took notice of the plight of Sir Arthur Conan Doyle's former home Undershaw in Hindhead Surrey and determined that it was up to them to do something about it Banding together they found a way to create a window for spreading their passion and energy outwards to the world around them In the years that have followed that window has grown into a vast portal through which thousands of devoted Sir Arthur Conan Doyle and Sherlock Holmes fans from all over the world have gained and seized the opportunity to have a very tangible impact on the preservation of Doyle's legacy For those involved Undershaw is infinitely more than just a house The purpose of this book is to hold a proverbial hand lens to that deeper meaning in hopes of capturing some small part of the deep emotion it represents In the pages that follow you will find an eclectic collection of essays original artwork and photography created by supporters and ambassadors from a wide range of countries all of which in some way address the same set of questions What is it about Undershaw that has the power to drive such a wide range of people from all over the globe most of whom have never met one another in person to join hands in support of protecting something that for many is thousands of miles away in a foreign country How has the campaign or the property itself touched the lives of those who have come into contact with it and what sorts of experiences have people had as a result Our intention here is to create a kind of insightful snapshot of these things as both a form of reverent acknowledgement for the efforts that have been put forth thus far as well as a source of inspiration for the future

Mourning and Mysticism in First World War Literature and Beyond George M. The Spiritualist Movement Christopher M. Moreman, 2013-08-27 At once controversial and intriguing Spiritualism has spread from the United States to become a global movement Bringing together perspectives from within the movement and without this unique collection treats readers to insights about Spiritualism's history belief and practice Based on the belief that the dead can communicate with the living through mediums Spiritualism touches concepts as timelessly fascinating as human mortality and the continuing existence of the soul beyond bodily death This comprehensive work will help readers parse the mysteries of this uniquely American religion through three thematically organized volumes Spiritualism in the U S and Globally Evidence and Beliefs and Cultural and Social Issues Drawing on fields as diverse as psychology sociology religious studies anthropology history ethnic and gender studies literature and art this broad based collection frames Spiritualism through the views of a team of international scholars Among the many things that separate Spiritualism from mainstream religions is the involvement of women in central leadership roles Such cultural and political elements of the movement are one aspect of this study Of equal interest to believers and skeptics alike will be the work of scholars who have devoted themselves to examining the claim that communication through mediums proves the existence of life after death

Through a Glass, Darkly Stefan Bechtel, Laurence Roy Stains, 2017-06-13 2018 ASJA Award Winner in the Biography History Category Is it possible to make direct contact with the dead Do the departed seek to make contact with us The conviction that both things are true was the cornerstone of spiritualism a kind of do it yourself religion that swept the Western world from the 1850s to the 1930s Prominent artists and poets prime ministers and scientists all joined hands around the séance table But the movement's most famous spokesman by far was Sir Arthur Conan Doyle whose public quarrels with Houdini over the truth of spiritualism made headlines across the country Known to the world as the creator of Sherlock Holmes Conan Doyle had undergone what many considered an enigmatic transformation turning his back on the hyper rational Holmes and plunging into the supernatural What was it that convinced a brilliant man the creator of the great exemplar of cold objective thought that there was a reality beyond reality Though most modern sources make Conan Doyle out to be a kindly but credulous old fool and though the spiritualist era was rife with fraud Stefan Bechtel and Laurence Roy Stains take a closer look They reexamine the old records of trance mediums and séances and they discover that what Conan Doyle and his colleagues uncovered is as difficult to dismiss now as it was then *Literature and Science* John H.
