A Tournament of Knights ,1986 Justin a young knight in the Middle Ages prepares to engage in his first tournament while an experienced challenger plans to defeat him A Tournament of Knights Joe Lasker,1989-01-01 Justin a young knight in the Middle Ages prepares to engage in his first tournament while an experienced challenger plans to defeat him

The Knight Alan Baker,2008-04-21 An up close introduction to the most admired warriors in history They mounted their horses grasped the lances made of fine Bordeaux Steel closed the visors of their helmets and made their way to their stations for the first course Spurring their horses on they advanced toward each other at full gallop lowering their lances as they approached The tip of Clifford s lance caught Boucmeil high on his breastplate and was deflected off directly into the young squire s mail hood piercing his neck clean through This tragic account of an ambitious young Frenchman s senseless death during a friendly joust with an English knight underscores the ever present danger that stalked the flower of European youth in the Middle Ages In **The Knight** you ll meet John Boucmeil Nicholas Clifford and scores of other warriors who risked their lives to fill the medieval lists and battlefields in a relentless quest for fame glory and victory This vivid fast paced narrative whisks you from the blood soaked fields of Normandy in the Hundred Years War to the battered walls of Jerusalem in the first Crusade from a sumptuous feast in an English castle to the pomp and pageantry of a spectacular thirty day jousting tournament You ll discover how knights were trained how they paid for their expensive weapons armor and horses and how the solemn vows they took influenced their behavior both on and off the battlefield Discover the truth behind the countless legends of the Age of Chivalry in **The Knight** **A Knight's Life in the Days of Chivalry** Walter Clifford Meller,1924

The Rise & Fall of the Mounted Knight Clive Hart,2023-01-05 The medieval mounted knight was a fearsome weapon of war captivating and horrifying in equal measure they are a continuing source of fascination They have been both held up as a paragon of chivalry whilst often being condemned as oppressive and violent Occupying a unique place in history knights on their warhorses are an enigma hidden behind their metal armor and seemingly unreachable on their steeds This book seeks to understand the world of the medieval knight by studying their origins their accomplishments and their eventual decline Forged in the death throes of the Roman Empire the mounted knight found a place in a harsh and dangerous world where their skills and mentality carved them into history From the First Crusade to the fields of Scotland knights could be found and their human side is examined to see how these men came to both rule Europe and ride into enduring legend The challenges facing the mounted knight were vast and deadly from increasingly professional and competent infantry forces to gunpowder the rise of political unity and the crunch of finance The factors which forced the knight into the past help to define who and what they were as well as the legacy that they have left indelibly imprinted on the world The standout feature of this book is the focus on the equine half of the partnership from an author who practices the arts of horsemanship on a daily basis including combat with sword and lance The psychology of the horse refined by the experience of actually training

warhorses has helped the author to add to the body of academic work on the subject This insight opens up the world of the mounted knight and importantly and uniquely challenges the perception of what he and his horse could really do
