Blomberg, 2014-04-01 Challenges to the reliability of Scripture are perennial and have

frequently been addressed. However, some of these challenges are noticeably more common today, and the topic is currently of particular interest among evangelicals. In this volume, highly regarded biblical scholar Craig Blomberg offers an accessible and nuanced argument for the Bible's reliability in response to the extreme views about Scripture and its authority articulated by both sides of the debate. He believes that a careful analysis of the relevant evidence shows we have reason to be more confident in the Bible than ever before. As he traces his own academic and spiritual journey, Blomberg sketches out the case for confidence in the Bible in spite of various challenges to the trustworthiness of Scripture, offering a positive, informed, and defensible approach.

What's in a Version? Henry E. Neufeld, 2004-11-26. Henry E. Neufeld writes about Bible translations from his knowledge as a student of Biblical languages and his experience teaching them to laypeople and discussing them on the internet. Many people have questions about translations because they do not understand how translations are produced. Much of the material available is either polarizing or is provided to advocate a particular version. *What's in a Version* strives to provide a basis for lay students to understand how translations are made so they can understand the arguments and become confident of the Bible version they choose to use for reading and study.

Book 15 Bible Translations PB Kurt Jurgensmeier, 2012-10-23. What is the best Bible? Because of the myriad of Bible translations, Christians have wondered which one is best. This question has become especially controversial because the publisher of the most popular translation in the world, the NIV, decided to create a
