A Whale For The Killing:

A Whale for the Killing Farley Mowat, 2012-04-13 A compelling true story of the author's desperate attempts to save an eighty-ton fin whale trapped in a Newfoundland lagoon. As he tries to persuade wildlife authorities and the Canadian press to help him in his quest, he must fend off curious and uncaring locals who want to harvest the helpless whale for sport. As it tells one of Mowat's most personal and moving stories, this book becomes an impassioned plea to save a species that seems doomed to extinction. A classic nature book now back in print. In the 1960s, Farley Mowat was living in the tiny fishing community of Burgeo on the southwest coast of Newfoundland. When an 80-ton fin whale became trapped in a nearby saltwater lagoon, Mowat rejoiced: here was the first chance to study at close range one of the most magnificent animals in creation. Some local villagers thought otherwise, blasting the whale with rifle fire and hacking open her back with a motorboat propeller. Mowat appealed desperately to the authorities, but it was too late: ravaged by an infection resulting from her massive wounds, the whale died. A plea for the end of commercial hunting of the whale, this moving account blends all the tension of the life-and-death struggle for one animal's survival with the drama of man's wanton destruction of life-bearing creatures and the environment itself.

A Whale for the Killing Farley Mowat, 1994 *A Whale for the Killing* David Seltzer, 1975 An Analysis of A Whale for the Killing by Farley Mowat Myrtle Carter, 1981* **Mowat's A Whale for the Killing** Catherine Finn, 1981* *Death of a Whale: The Challenge of Anti-Whaling Activists and Indigenous Rights* Captain Paul Watson, 2021-06-24 CAPTAIN PAUL WATSON IS NO STRANGER TO CONTROVERSY But this particular conflict was more personal than most. His latest book is a fascinating and thought-provoking account of what happened when anti-whaling activists found themselves at odds with tribal rights. Conservationists, eco-warriors, whale protectors, and supporters of Indigenous traditions, as well as anyone who simply loves a good story, will find themselves captivated by this tale. DEATH OF A WHALE: The Challenge of Anti-Whaling Activists and Indigenous Rights narrates the events as they unfolded. In 1998, Sea Shepherd began a campaign to protect gray whales from slaughter by members of the Makah tribe of the Pacific Northwest, who had recently invoked cultural entitlements to allow them to practice their ancestral hunting rights. Makah members, conservationists, and non-Indigenous Americans vehemently expressed disparate points of view about whether tribal whaling operations, which had ended almost a century earlier, should be recognized even when they were not in accord with international Indigenous whaling regulations. This electrifying real-life adventure story showcases an Indigenous community at odds with itself, governments, and media that advance their own agendas, and grassroots organizers who display heroic activism. Highly detailed and documented, the book reveals Captain Watson's deep and unwavering respect for Indigenous traditions and rights, even when they conflict with his own devotion to the sovereignty of whales.
