The Politics and Governance of Blame Matthew Flinders, Gergana Dimova, Markus Hinterleitner, R. A. W. Rhodes, R. Kent Weaver, 2024-06-24 From coping with Covid 19 through to managing climate change from Brexit through to the barricading of Congress from democratic disaffection to populist pressures from historical injustices to contemporary social inequalities and from scapegoating through to sacrificial lambs the common thread linking each of these themes and many more is an emphasis on blame But how do we know who or what is to blame How do politicians engage in blame avoidance strategies How can blaming backfire or boomerang Are there situations in which politicians might want to be blamed What is the relationship between avoiding blame and claiming credit How do developments in relation to machine learning and algorithmic governance affect blame based assumptions By focusing on the politics and governance of blame from a range of disciplines perspectives and standpoints this volume

engages with all these questions and many more Distinctive contributions include an emphasis on peacekeeping and public diplomacy on source credibility and anthropological explanations on cultural bias and on expert opinions on polarisation and de politicisation and on trust and post truth politics With contributions from the world s leading scholars and emerging research leaders this volume not only develops the theoretical disciplinary empirical and normative boundaries of blame based analyses but it also identifies new research agendas and asks distinctive and original questions about the politics and governance of blame *Introduction to Research for Midwives,with Pageburst online access*,3 Colin Rees,2011-01-01 Are you struggling to understand the basic principles and jargon used in research Are you evaluating research articles or doing a literature review Packed with practical advice and tips that really work this is the book for you Research is now a fundamental part of midwifery practice but not everyone finds it easy This introductory text explains the world of research from the viewpoint of both those carrying out the research and those using the results of research In simple language and with clear examples it demonstrates how quantitative and qualitative research projects are constructed and how they are evaluated This book enables midwives midwifery students and other health professionals to apply research to their own practice and to evaluate existing research No understanding or prior experience of research is required Written in a simple practical and accessible style Ensures evidence based practice through a critical understanding of research A comprehensive glossary of research terms cuts through the jargon Up to date examples of both quantitative and qualitative research Practical time saving study skills features on critiquing articles and reviewing the literature Each chapter examines a topic from the viewpoint of those carrying out research and those applying the results to practice Key points summarise essential information for quick revision Current health care evidence based practice context Up to date examples of research projects
