A Tolkien Compass A Tolkien Compass:

A Tolkien Compass Jared Lobdell, 2003 The structure content and character of Tolkien's *The Hobbit* and *The Lord of the Rings* are dealt with in ten critical essays **A Tolkien Compass** Jared Lobdell, 1980 **A (John Ronald Reuel) Tolkien compass** Jared Lobdell, 1975 The structure content and character of Tolkien's *The Hobbit* and *The Lord of the Rings* are dealt with in ten critical essays **J.R.R. Tolkien Encyclopedia** Michael D. C. Drout, 2007 A detailed work of reference and scholarship this one volume Encyclopedia includes discussions of all the fundamental issues in Tolkien scholarship written by the leading scholars in the field Coverage not only presents the most recent scholarship on J.R.R. Tolkien but also introduces and explores the author and scholar's life and work within their historical and cultural contexts Tolkien's fiction and his sources of influence are examined along with his artistic and academic achievements including his translations of medieval texts teaching posts linguistic works and the languages he created The 550 alphabetically arranged entries fall within the following categories of topics adaptations art and illustrations characters in Tolkien's work critical history and scholarship influence of Tolkien languages biography literary sources literature creatures and peoples of Middle-earth objects in Tolkien's work places in Tolkien's work reception of Tolkien medieval scholars scholarship by Tolkien medieval literature stylistic elements themes in Tolkien's works theological philosophical concepts and philosophers Tolkien's contemporary history and culture works of literature **Tolkien's Art** Jane Chance, 2001-10-26 This literary study examines the scholarly and mythological roots of the author's beloved stories including *The Hobbit* and *The Lord of the Rings* J.R.R. Tolkien captured the imaginations of generations with his expansive fantasy worlds and tales of high adventure But Tolkien was also an accomplished scholar whose deep knowledge of mythology and language provided a wellspring of inspiration for his fiction In this enlightening study Tolkien specialist Jane Chance uncovers the many sources the author used in composing his works Inspired by works like *Beowulf* and *Gawain and the Green Knight* Tolkien relied on both pagan epic and Christian legend to create a distinctly English mythology Chance traces this project through his major works as well as his minor stories and critical essays This revised and expanded edition also examines the paradigm of the critic as monster featured in many of Tolkien's writings **The Mismeasure of Orcs** Robert T. Tally Jr., 2025-06-16 Despite its well earned reputation as the richest world in fantasy there exists a notable troubling problem in Tolkien's legendarium the existence of a sentient rational being for whom no sympathy or moral feeling is ever shown Examining the origin stories of the orc which changed over time according to Tolkien's own worries about whether orcs were redeemable this book endeavors to show that these inhuman creatures are in fact among the most human perhaps all too human to be found in *The Lord of the Rings* This work discusses racism and class hierarchies in Tolkien's writings contexts in which the characterization of orcs is particularly noticeable But Tolkien's own writings reveal the nature of orcs to be worthy of sympathy despite their often dehumanized or demonized depictions Focusing on key scenes from *The Silmarillion* *The Hobbit* and *The Lord of the Rings* this study uncovers the richly

diverse cultures as well as the distinctive personalities of various orcs who turn out to be a far cry from the monsters they are taken to be in the popular imagination A revised understanding of the orcs as a people presents Middle earth s history geopolitics and cultural anthropology in a new light Watching the Lord of the Rings Ernest Mathijs,2008 How did audiences across the world respond to the films of The Lord of the Rings This book presents findings from the largest film audience project ever undertaken drawing from 25 000 questionnaire responses and a wide array of other materials Contributors use these materials to explore a series of widely speculated questions why is film fantasy important to different kinds of viewers Through marketing previews and reviews debates and cultural chatter how are audiences prepared for a film like this How did fans of the book respond to its adaptation on screen How do people choose their favorite characters How was the films reception shaped by different national and cultural contexts The answers to these questions shed fresh light on the extraordinary popularity of The Lord of the Rings and provide important new insights into the global reception of cinema in the twenty first century **The Ring and the Cross: The ring** Paul E. Kerry,2011 The influence of J R R Tolkien s Christianity on his writing has sparked intense discussion and debate What has been lacking is a forum for a civilized discussion about the topic as well as a chronological overview of the major arguments and themes that have engaged scholars about the impact of Christianity on Tolkein s oeuvre with particular reference to The Lord of the Rings The Ring and the Cross addresses these two needs **The Ring and the Cross** Paul E. Kerry,2010-12-10 The conversation sometimes heated about the influence of Christianity on the writings of J R R Tolkien has a long history What has been lacking is a forum for a civilized discussion about the topic as well as a chronological overview of the major arguments and themes that have engaged scholars about the impact of Christianity on Tolkien s oeuvre with particular reference to The Lord of the Rings The Ring and the Cross addresses these two needs through an articulate and authoritative analyses of Tolkien s Roman Catholicism and the role it plays in understanding his writings The volume s contributors deftly explain the kinds of interpretations put forward and evidence marshaled when arguing for or against religious influence The Ring and the Cross invites readers to draw their own conclusions about a subject that has fascinated Tolkien enthusiasts since the publication of his masterpiece The Lord of the Rings **A New Paradigm for Translators of Literary and Non-Literary Texts** Michela Canepari,2022-07-18 Over the years translation has increasingly become a necessary tool to function in contemporary society Based on years of research and teaching activity within the field this book offers a useful and effective paradigm for the translation of different types of texts guiding readers towards the realisation of effective translation projects The several contrastive analyses presented and the suggestions offered throughout will help readers appreciate the implications and consequences of every translation choice encouraging them to develop reading and translating skills applicable to the variety of texts they face in everyday life from novels to comic books films and television series
