A Voyage Long And Strange Rediscovering The New World:

A Voyage Long and Strange Tony Horwitz, 2008-04-29 A chronicle of the period in American history between Columbus's discovery of the New World and Jamestown's founding evaluates the voyages and first contact experiences of numerous European adventurers

A Voyage Long and Strange Tony Horwitz, 2009-04-27 What happened in North America between Columbus's sail in 1492 and the Pilgrims' arrival in 1620? On a visit to Plymouth Rock, Tony Horwitz realizes he doesn't have a clue, nor do most Americans. So he sets off across the continent to rediscover the wild era when Europeans first roamed the New World in quest of gold, glory, converts, and eternal youth. Horwitz tells the story of these brave and often crazed explorers while retracing their steps on his own epic trek: an odyssey that takes him inside an Indian sweat lodge in subarctic Canada, down the Mississippi in a canoe, on a road trip fueled by buffalo meat, and into sixty pounds of armor as a conquistador reenactor in Florida. A Voyage Long and Strange is a rich mix of scholarship and modern-day adventure that brings the forgotten first chapter of America's history vividly to life.

The New World Tim McNeese, Richard Jensen, 2010 For thousands of years, the first residents of the Western Hemisphere had established unique worlds for themselves.

A Delicious Country Scott Huler, 2019-02-05 In 1700, a young man named John Lawson left London and landed in Charleston, South Carolina, hoping to make a name for himself. For reasons unknown, he soon undertook a two-month journey through the still-mysterious Carolina backcountry. His travels yielded A New Voyage to Carolina in 1709, one of the most significant early American travel narratives, rich with observations about the region's environment and Indigenous people. Lawson later helped found North Carolina's first two cities, Bath and New Bern, became the colonial surveyor general, contributed specimens to what is now the British Museum, and was killed as the first casualty of the Tuscarora War. Yet despite his great contributions and remarkable history, Lawson is little remembered even in the Carolinas he documented. In 2014, Scott Huler made a surprising decision to leave home and family for his own journey by foot and canoe, faithfully retracing Lawson's route through the Carolinas. This is the chronicle of that unlikely voyage, revealing what it's like to rediscover your own home. Combining a traveler's curiosity, a naturalist's keen observation, and a writer's wit, Huler draws our attention to people and places we might pass regularly but never really see. What he finds are surprising parallels between Lawson's time and our own, with the locals and their world poised along a knife edge of change between a past they can't forget and a future they can't quite envision.
