A Woman Named Solitude:

A Woman Named Solitude André Schwarz-Bart, 2001-06 This novel is about the slave trade in Guadeloupe. It opens by describing an indigenous African culture that comes under threat from a slave trade so brutal that there is a special door used to throw each day's dead into the sea. African women are routinely raped by the slave ship's sailors and thus Solitude is conceived. She is sold on the auction block and her story develops through the period of the French Revolution, the abolition of slavery in keeping with The Rights of Man, and the rescinding of that freedom replaced by a plantation system where the whips were tipped with tricolor flags. Solitude joins a colony of escaped and released Africans in hopes to take ships back to their motherland.

By Words Alone Sidra DeKoven Ezrahi, 2008-10-03 The creative literature that evolved from the Holocaust constitutes an unprecedented encounter between art and life. Those who wrote about the Holocaust were forced to extend the limits of their imaginations to encompass unspeakably violent extremes of human behavior. The result, as Ezrahi shows in *By Words Alone*, is a body of literature that transcends national and cultural boundaries and shares a spectrum of attitudes toward the concentration camps and the world beyond, toward the past and the future.

A Woman Named Solitude Andre Schwarz-Bart, 1972

The Zombie in Contemporary French Caribbean Fiction Lucy Swanson, 2023-02-15 Believed to have emerged in the French Caribbean based on African spirit beliefs, the zombie represents not merely the walking dead but also a walking embodiment of the region's history and culture. In Haiti today the zombie serves as an enduring memory of enslavement; it is defined as a reanimated body robbed of part of its soul, forced to work in sugarcane fields. In Martinique and Guadeloupe the zombie takes the form of a shape-shifting evil spirit and represents the dangers posed to the maroon or freedom runner. *The Zombie in Contemporary French Caribbean Fiction* is the first book-length study of the literary zombie in recent fiction from the region. It examines how this symbol of the enslaved and of the evil spirits that threaten them is used to represent and critique new socio-political situations in the Caribbean. It also offers a comprehensive and focused examination of the ways contemporary authors from Haiti and the French Antilles contribute to the global zombie imaginary, identifying four avatars of the zombie: the slave, the trauma victim, the horde, and the popular zombie that appear frequently in fiction and anthropology, exploring how works by celebrated and popular authors reimagine these archetypes.

A Woman Named Solitude Andre Schwartz-Bart, 2002 Conceived aboard a slave ship bound for the Caribbean, Solitude was born into slavery and sold on the auction block, a black chattel of a corrupt society until she heard the ringing of rebellion on the island. André Schwarz-Bart, author of *The Last of the Just* and whose own terrible experiences in Nazi-occupied Europe here find a clear if distant echo, offers a sensitive and impassioned portrait of a woman and her race, fallen victim to the inhumanity of humankind.

Praisesong of Survival Richard Kenneth Barksdale, 1992

The Colonial Art of Demonizing Others Esther Lezra, 2014-03-21 *The Colonial Art of Demonizing Others* examines European mistranslations and misrepresentations of black freedom dreams and self-activity as monstrous in the period of modern

imperial consolidation roughly from 1750 to 1848 This book argues that Europe's archives of self understanding are haunted by the traces of Black radical resistance Just as Europe's economy came to depend upon the raw materials markets and labor it secured from the colonies European culture came to be based on fantasies and phobias derived from the unruly and unmanageable aftershocks of colonial violence and counter insurgency Rather than assert that European nationalist and abolitionist discourses are on the side of emancipatory movements the book shows the limits of the promise of that discourse and the continuation of those limitations that makes the continued pursuit of that promise a questionable activity This book does not wish to salvage the emancipatory promises of European discourse but considers the more difficult and uncomfortable question of why emancipatory movements represented the struggles of anticolonial and radical blackness the way they did The Colonial Art of Demonizing Others privileges the political reading not only of literary texts but also of historical documents and visual culture

Zionism and Revolution in European-Jewish Literature Laurel Plapp, 2008 Zionism and Revolution in European Jewish Literature examines twentieth century Jewish writing that challenges imperialist ventures and calls for solidarity with the colonized most notably the Arabs of Palestine and Africans in the Americas Since Edward Said defined orientalism in 1978 as a Western image of the Islamic world that has justified domination critics have considered the Jewish people to be complicit with orientalism because of the Zionist movement However the Jews of Europe have themselves been caught between East and West both marginalized as the Orientals of Europe and connected to the Middle East through their own political and cultural ties As a result European Jewish writers have had to negotiate the problematic confluence of antisemitic and orientalist discourse Laurel Plapp traces this trend in utopic visions of Jewish Muslim relations that criticized the early Zionist movement in post Holocaust depictions of coalition between Jews and African slaves in the Caribbean revolutions and finally in explorations of diasporic transnational Jewish identity after the founding of Israel Above all Plapp proposes that Jewish studies and postcolonial studies have much in common by identifying ways in which Jewish writers have allied themselves with colonized and exilic peoples throughout the world

great Sammy Sosa Bibliographical sources for further research complement each entry A wide selection of photographs accompanies the text *After Representation?* R. Clifton Spargo, Robert Ehrenreich, 2009-11-11 *After Representation* explores one of the major issues in Holocaust studies the intersection of memory and ethics in artistic expression particularly within literature As experts in the study of literature and culture the scholars in this collection examine the shifting cultural contexts for Holocaust representation and reveal how writers whether they write as witnesses to the Holocaust or at an imaginative distance from the Nazi genocide articulate the shadowy borderline between fact and fiction between event and expression and between the condition of life endured in atrocity and the hope of a meaningful existence What imaginative literature brings to the study of the Holocaust is an ability to test the limits of language and its conventions *After Representation* moves beyond the suspicion of representation and explores the changing meaning of the Holocaust for different generations audiences and contexts
