Index ,1979 **Hollywood TV** Christopher Anderson,2013-10-11 The 1950s was one of the most turbulent periods in the history of motion pictures and television During the decade as Hollywood s most powerful studios and independent producers shifted into TV production TV replaced film as America s principal postwar culture industry This pioneering study offers the first thorough exploration of the movie industry s shaping role in the development of television and its narrative forms Drawing on the archives of Warner Bros and David O Selznick Productions and on interviews with participants in both industries Christopher Anderson demonstrates how the episodic telefilm series a clear descendant of the feature film became and has remained the dominant narrative form in prime time TV This research suggests that the postwar motion picture industry was less an empire on the verge of ruin as common wisdom has it than one struggling under unsettling conditions to redefine its frontiers Beyond the obvious contribution to film and television studies these findings add an important chapter to the study of American popular culture of the postwar period Primetime 1966-1967 Thom “Beefstew” Shubilla,2022-05-05 The year 1966 was when many TV viewers all over America discovered the wonders of in living color The 1966 1967 primetime television lineup was remarkable not only for the legendary shows that aired but also because it was the first season in which every show on primetime across all three major networks was broadcast entirely in color Celebrating this iconic year of television this book covers every scripted episodic show that aired on the ABC CBS and NBC networks during the 1966 1967 season in primetime It includes longtime favorites such as Batman Bonanza Voyage to the Bottom of the Sea and The Lucy Show and the notable shows that premiered that year such as Star Trek The Monkees Green Hornet Mission Impossible It s About Time and the color revival of Dragnet Organized by genre each entry examines a show from conception to cancelation and sometimes beyond ratings critical and fan reactions and the show s use of color *Focus On: 100 Most Popular Television Series by Warner Bros. Eskridge,2018-11-30 Historian Sara Eskridge examines television s rural comedy boom in the 1960s and the political social and economic factors that made these shows a perfect fit for CBS The network nicknamed the Communist Broadcasting System during the Red Scare of the 1940s saw its image hurt again in the 1950s with the quiz show scandals and a campaign against violence in westerns When a rival network introduced rural themed programs to cater to the growing southern market CBS latched onto the trend and soon

reestablished itself as the Country Broadcasting System Its rural comedies dominated the ratings throughout the decade attracting viewers from all parts of the country With fascinating discussions of The Andy Griffith Show The Beverly Hillbillies Petticoat Junction and other shows Eskridge reveals how the southern image was used to both entertain and reassure Americans in the turbulent 1960s

NBC Michele Hilmes, Michael Lowell Henry, 2007-08 NBC America's Network makes a significant contribution to our understanding of American broadcasting Hilmes makes a convincing case for the appropriateness of an examination of a single firm NBC to illuminate the major themes and events of American broadcast history In addition she adeptly synthesizes a strong set of individually authored chapters on specific historical periods controversies and program genres into a coherent whole The writing is concise and lively and the breadth and depth of the material makes this an exceptional work William Boddy author of New Media and Popular Imagination NBC America's Network is an outstanding book about one network across US television history Hilmes is an excellent editor who brings broad insights about the television industry to bear on this volume The individual essays present different approaches and methods and together provide an integrated history of NBC with analysis that respects the medium and the people that worked in it Mary Beth Haralovich co editor of Television History and American Culture Feminist Critical Essays Filled with highly readable essays by the top scholars in the field NBC America's Network explores key often watershed moments in the network's history to illuminate the central role broadcasting has played in constituting public discourse about what is and what is not in the public interest A welcome addition to the history of broadcasting and essential reading for anyone interested in the transformative role of radio and TV in modern life Susan J Douglas author of Listening In Radio and the American Imagination
