Thinking Through New Literacies for Primary and Early Years Jayne Metcalfe, Debbie Simpson, Ian Todd, Mike Toyn, 2013-06-17 Thinking Through New Literacies for Primary and Early Years is an accessible text that

encourages readers to consider deeply what is meant by literacy today It explores the many different ways in which teachers and children develop their own literacy Specifically written for education students in the later years of their course the text draws on research and practice to explore the challenges and opportunities involved while helping to develop the reader's own critical thinking skills The book begins by asking what's new about new literacies and goes on to explore some technological innovations designed to support the emergent reader and writer It considers verbal literacy speaking and listening and visual literacy Readers are encouraged to think through the issues surrounding inclusion and the legal and ethical issues raised by this post typographic age Throughout practical guidance runs alongside structured critical thinking exercises to help the reader reflect on both theory and practice About the Thinking Through Education Series Thinking Through Education is a series of texts designed and written specifically for those education students entering the second or final phase of their degree course Structured around sets of specific skills each chapter uses critical thinking and reflective exercises to develop greater subject knowledge and critical awareness Each book contains links to the Teachers Standards providing students with a clear transition from study to practice Jayne Metcalfe is a senior lecturer in the Faculty of Education at the University of Cumbria Jayne is involved in the safety training of student teachers Debbie Simpson is a senior lecturer in the Faculty of Education at the University of Cumbria She is currently the acting Programme Leader for the Primary PGCE course Ian Todd is a senior lecturer in the Faculty of Education at the University of Cumbria with a specialism in English and an interest in the teaching of ICT Mike Toyn is a senior lecturer in the Faculty of Education at the University of Cumbria where he also coordinates the teaching of primary ICT [The American Robot](#) Dustin A. Abnet, 2020-03-27 Although they entered the world as pure science fiction robots are now very much a fact of everyday life Whether a space age cyborg a chess playing automaton or simply the smartphone in our pocket robots have long been a symbol of the fraught and fearful relationship between ourselves and our creations Though we tend to think of them as products of twentieth century technology the word robot itself dates to only 1921 as a concept they have colored US society and culture for far longer as Dustin A Abnet shows to dazzling effect in [The American Robot](#) In tracing the history of the idea of robots in US culture Abnet draws on intellectual history religion literature film and television He explores how robots and their many kin have not only conceptually connected but literally embodied some of the most critical questions in modern culture He also investigates how the discourse around robots has reinforced social and economic inequalities as well as fantasies of mass domination chilling thoughts that the recent increase in job automation has done little to quell [The American Robot](#) argues that the deep history of robots has abetted both the literal replacement of humans by machines and the figurative transformation of humans into machines connecting advances in technology and capitalism to individual and societal change Look beneath the fears that fracture our society Abnet tells us and you're likely to find a robot lurking there [Janet Jackson's The Velvet Rope](#) Ayanna Dozier, 2020-09-03 The question of control for Black women is a costly one From 1986 onwards the trajectory of

Janet Jackson's career can be summed up in her desire for control. Control for Janet was never simply just about her desire for economic and creative control over her career but was rather an existential question about the desire to control and be in control over her bodily integrity as a Black woman. This book examines Janet's continuation of her quest for control as heard in her sixth album *The Velvet Rope*. Engaging with the album, the promotion, the tour, and its accompanying music videos, this study unpacks how Janet uses Black cultural production as an emancipatory act of self-creation that allows her to reconcile with and potentially heal from trauma, pain, and feelings of alienation. *The Velvet Rope*'s arc moves audiences to imagine the possibility of what emancipation from oppression from sexual to internal to societal could look like for the singer and for others. The sexually charged content and themes of abuse, including self-harm and domestic violence, were dismissed as selling points for Janet at the time of its release. The album stands out as a revelatory expression of emotional vulnerability by the singer, one that many other artists have followed in the 20-plus years since its release. **Rhythm Ride** Andrea Davis Pinkney, 2015-09-29.
