AESOP'S FABLES COLORING BOOK

It is not known whether Aesop himself drew pictures to accompany his fables, and then for relaxation, colored them in, but even so, his little animal stories with their accompanying morals have been valuable for artists and children alike. The thirty stories in the 48 fables included in this new coloring book were done by an unknown woodcut artist in a German or Swedish edition of Aesop dating from 1476. Their quality of both capturing the essence of the fable and meeting any coloring medium make them popular for coloring in the 15th century and still make them popular today. You will be familiar with many of these fables, but if there are some you cannot quite remember, new translations from the original surviving Greek texts have been made to give the right sense of these fables as they have been known since the time in 560 B.C. when Aesop made them up.
