Africa's New Oil Celeste Hicks,2015-04-09 The development of Africa s oil has greatly accelerated in recent years with some countries looking at the prospect of almost unimaginable flows of money into their national budgets But the story of African oil has usually been associated with conflict corruption and disaster with older producers such as Nigeria having little to show for the many billions of dollars they ve earned In this eye opening book former BBC correspondent Celeste Hicks questions the inevitability of the so called resource curse revealing what the discovery of oil means for ordinary Africans and how China s involvement could mean a profound change in Africa s relationship with the West A much needed account of an issue that will likely transform the fortunes of a number of African countries for better or for worse

Africa's New Oil Celeste Hicks,2015-04-09 The development of Africa s oil has greatly accelerated in recent years with some countries looking at the prospect of almost unimaginable flows of money into their national budgets But the story of African oil has usually been associated with conflict corruption and disaster with older producers such as Nigeria having little to show for the many billions of dollars they ve earned In this eye opening book former BBC correspondent Celeste Hicks questions the inevitability of the so called resource curse revealing what the discovery of oil means for ordinary Africans and how China s involvement could mean a profound change in Africa s relationship with the West A much needed account of an issue that will likely transform the fortunes of a number of African countries for better or for worse **African Energy Worlds in Film and Media** Carmela Garritano,2025-03-03 Can you imagine a post petroleum world African Energy Worlds in Film and Media joins energy humanists committed to undoing our deep dependence on fossil fuels and advancing equitable energy transitions by advancing this vision with a spotlight on African perspectives African cinema is a rich and varied medium for investigating the entanglements and social embeddedness of energy with global modernity and for imagining a world that leaves fossil fuels behind for unrealized green energy futures African Energy Worlds in Film and Media shows us how African cinema makes sensible the energetic aspects of life in the ecological mesh that is planet Earth and grounds us in the everyday of the postcolonial bringing attention to the enduring legacies of racism and colonialism that unevenly distribute energy related violence and risk and amplifying Africans demands for access to the energy networks that undergird modernity With a focus on feature documentary and arthouse films including canonical films by Ousmane Semb ne and Djibril Diop Mambety and new work by emergent directors Nelson Makengo and Djo Tunda Wa Munga author Carmela Garritano examines how these stories depict an array of energy sources from mineral extraction to wind and the by products of these energy processes like plastic and electronic waste Situated at the intersection of film studies African studies and energy humanities African Energy Worlds in Film and Media analyzes the political social and economic dimensions of global energy forms and systems as represented in African cinema **Regional Economic Outlook, October 2012,**

Sub-Saharan Africa International Monetary Fund. African Dept.,2012-10-15 Economic conditions in sub Saharan Africa

have remained generally robust despite a sluggish global economy The near term outlook for the region remains broadly positive and growth is projected at 5.14 percent a year in 2012-13 Most low income countries are projected to continue to grow strongly supported by domestic demand including from investment The outlook is less favorable for many of the middle income countries especially South Africa that are more closely linked to European markets and thus experience a more noticeable drag from the external environment The main risks to the outlook are an intensification of financial stresses in the euro zone and a sharp fiscal adjustment in the US the so called fiscal cliff

India-Africa Economic Relations in the New Global Economy Rick Rowden, 2025-03-18 While there have been many books about China's growing economic role in Africa this book explores the much less well known story of India's growing economic role in Africa And like the big debates about China's role in Africa this book similarly asks if India is acting as a helpful development partner in Africa an exploitative new colonizer or if the answer ultimately has to do with the degree of agency exercised by African governments While the book documents the significant increase in Indian aid trade and FDI in Africa in the new millennium it also offers much more It comprehensively looks at theories of economic development the debates about the role of trade and industrial policies in economic development strategies colonial and post colonial literature and controversial features of today's global political economy as the background to study Africa and frames Africa India economic relations in these broad contexts The book reviews the history of India's diplomacy trade and investment in African countries since decolonization with a focus on the increased economic ties of the past two decades The main question examined is about the longterm impact that India's economic relations are having in African economies and if India is helping Africa to successfully develop over time or not The author examines India's economic and strategic interests in the African region and offers a comparative analysis of Africa's trade with India China the European Union and other African nations The book also explores a number of outstanding issues in India Africa relations today such as Africa's role as a source of oil gas and critical minerals needed by India the lifesaving role of Indian generic medicines across the continent the nature of the agricultural development model that India is introducing in Africa and key areas where Indian and African governments are cooperating in the international arena The book offers a critical and in depth look into the partnerships India has developed with African countries and contributes to the debate on economic relations between a more developed emerging market like India and less developed countries A major contribution to the emerging area of South South economics this book part of the Critical Political Economy of South Asia series will be useful for scholars and researchers of economics development economics development studies public policy diplomacy African studies political economy South Asian economics and international politics and trade

The Gulf States and the Horn of Africa Robert Mason, Simon Mabon, 2022-01-25 The Gulf States and the Horn of Africa takes a deep dive into the complexities of power projection political rivalry and conflict across the Red Sea and beyond Focusing on the nature of interregional connections between the Gulf and the Horn it explores the multifaceted nature of relations between

states and the two increasingly important subregions Bringing together scholars working on and in both regions the book considers strategic competition between Saudi Arabia and Iran and between the UAE and both Qatar and Turkey along with other international engagement such as joint anti piracy operations counterterrorism cooperation security assistance base agreements and economic development Drawing on a range of subject expertise and field research across case study countries the volume adds to the sparse literature on the regional and international politics of the Horn of Africa and Red Sea gleaning specific insights from contemporary reflections across the book This is essential reading for students and researchers interested in the Horn of Africa and the evolving regional geopolitics of the Gulf African security in the twenty-first century Stephen Emerson,Hussein Solomon,2018-01-24 This book explores and analyses the evolving African security paradigm in light of the multitude of diverse threats and challenges facing the continent and the international community It challenges current thinking and traditional security constructs as woefully inadequate to meet the real security needs of African governments and their 1 billion plus citizens in an increasingly globalised and interdependent world Through the lens of human security the authors examine the continent s most pressing security challenges from identity conflict and failing states to terrorism disease and environmental degradation and in doing so provide a comprehensive look at the complexities of building peace and stability in modern day Africa Not only does the book critically assess the state of progress in addressing security challenges but it presents new strategies and tools for more effectively engaging Africans and the global community in their common search for solutions **The Pan-African Imperative** Michael

Williams,2021-11-14 This book argues that the principles of Pan Africanism are more important than ever in ensuring the liberation of the people Africa those at home and abroad and the rapid development of the African continent The writings and practice of Osagyefo Dr Kwame Nkrumah Ghana s first post independence prime minister and president were key in laying out a vision for post independence Africa Now in an effort to counter the deluge of neo liberal thinking that has engulfed so much of the debate on African development in recent decades Michael Williams illuminates just how important a role an Nkrumaist intellectual framework can play in providing an accurate diagnosis of and effective solution to Africa s development crisis This is done by examining Nkrumah s vision of the critical role Pan Africanism must play in the development of the continent Raising vitally important questions about Africa s development and the quality of life of its populations this book will be a key text for researchers of African politics development studies and the Pan African movement

Routledge Handbook of National and Regional Ocean Policies Biliana Cicin-Sain,David Vanderzwaag,Miriam C. Balgos,2015-05-15 This comprehensive handbook prepared by leading ocean policy academics and practitioners from around the world presents in depth analyses of the experiences of fifteen developed and developing nations and four key regions of the world that have taken concrete steps toward cross cutting and integrated national and regional ocean policy All chapters follow a common framework for policy analysis While most coastal nations of the world already have a variety of sectoral

policies in place to manage different uses of the ocean such as shipping fishing oil and gas development in the last two decades the coastal nations covered in the book have undertaken concerted efforts to articulate and implement an integrated ecosystem based vision for the governance of ocean areas under their jurisdiction This includes goals and procedures to harmonize existing uses and laws to foster sustainable development of ocean areas to protect biodiversity and vulnerable resources and ecosystems and to coordinate the actions of the many government agencies that are typically involved in oceans affairs The book highlights the serious conflicts of use in most national ocean zones and the varying attempts by nations to follow the prescriptions emanating from the 1982 UN Law of the Sea Convention and the outcomes of the 1992 2002 and 2012 sustainable development summits The interrelationship among uses and processes in the coast and ocean requires that ocean governance be integrated precautionary and anticipatory Overall the book provides a definitive state of the art review and analysis of national and regional ocean policies around the world **Routledge Handbook of the Horn**

of Africa Jean-Nicolas Bach, 2022-03-30 The Routledge Handbook of the Horn of Africa provides a comprehensive interdisciplinary survey of contemporary research related to the Horn of Africa Situated at the junction of the Sahel Saharan strip and the Arabian Peninsula the Horn of Africa is growing in global importance due to demographic growth and the strategic importance of the Suez Canal Divided into sections on authoritarianism and resistance religion and politics migration economic integration the military and regimes and liberation the contributors provide up to date authoritative knowledge on the region in light of contemporary strategic concerns The handbook investigates how political economic and security innovations have been implemented sometimes with violence by use of force or by negotiation including ethnic federalism in Ethiopia independence in Eritrea and South Sudan integration of the traditional authorities in the neo patrimonial administrations Somalian Islamic Courts the Sudanese Islamist regime people s movements multilateral operations and the construction of an architecture for regional peace and security Accessibly written this handbook is an essential read for scholars students and policy professionals interested in the contemporary politics in the Horn of Africa
