Discord's Apple Carrie Vaughn,2024-06-04 When Evie Walker goes home to spend time with her dying father she discovers that his creaky old house in Hope s Fort Colorado is not the only legacy she stands to inherit Hidden behind the old basement door is a secret and magical storeroom a place where wondrous treasures from myth and legend are kept safe until they are needed again The magic of the storeroom prevents access to any who are not intended to use the items But just because it has never been done does not mean it cannot be done And there are certainly those who will give anything to find a way in Evie must guard the storeroom against ancient and malicious forces protecting the past and the future even as the present unravels around them Old heroes and notorious villains alike will rise to fight on her side or to undermine her most desperate gambits At stake is the fate of the world and the prevention of nothing less than the apocalypse In the same month along with this all new hardcover Tor will publish a new novel in Carrie Vaughn s popular New York Times bestselling urban fantasy series featuring werewolf talk radio host Kitty Norville Kitty Goes to War will be the eighth book in this successful mass market series

Natural Law and Practical Rationality Mark C. Murphy,2001-06-11 Natural law theory has been undergoing a revival especially in political philosophy and jurisprudence Yet most fundamentally natural law theory is not a political theory but a moral theory or more accurately a theory of practical rationality According to the natural law account of practical rationality the basic reasons for actions are basic goods that are grounded in the nature of human beings Practical rationality aims to identify and characterize reasons for action and to explain how choice between actions worth performing can be appropriately governed by rational standards These standards are justified by reference to features of the human goods that are the fundamental reasons for action This book is a defence of a contemporary natural law theory of practical rationality demonstrating its inherent plausibility and engaging systematically with rival egoist consequentialist Kantian and virtue accounts

No Haven for the Oppressed Saul S. Friedman,2017-12-01 No Haven for the Oppressed is the most thorough and the most comprehensive analysis to be written to date on the United States policy toward Jewish refugees during World War II No Haven for the Oppressed is the most thorough and the most comprehensive analysis to be written to date on the United States policy toward Jewish refugees during World War II Friedman draws upon many sources for his history significantly upon papers which have only recently been opened to public scrutiny These include State Department Records at the National Archives and papers relating to the Jewish refugee question at the Roosevelt Library at Hyde Park Such documents serve as the foundation for this study together with the papers of the American Friends Service Committee of Rabbis Stephen Wise and Abba Silver Senator Robert Wagner Secretary Hull and Assistant Secretary of State Breckinridge Long of the American Jewish Archives the National Jewish Archives and extensive interviews with persons intimately involved in the refugee question Professor Friedman describes America s pre war preoccupation with economic woes immigrants particularly Jewish immigrants were viewed as competitors for scarce jobs President Franklin D Roosevelt although personally sympathetic to the dilemma of Jews was not willing to risk public and congressional support for his domestic programs by championing legislation or diplomacy to increase Jewish immigration The court packing scandal and the unsuccessful purge of Southern Democrats had left his popularity at an all time low Jewish leaders were equally unwilling to antagonize the American public by strong advocacy of the Jewish cause They feared anti Semitic backlash against American Jews and worried that their own 100 percent loyalty to the nation might be questioned Although he takes issue with authors who propose that anti Semitism at the highest levels of the State Department was the major block to the rescue of the Jews Friedman demonstrates that some officials continually thwarted rescue plans He suggests that a disinclination to sully themselves in negotiations with the Nazis and a fear that any ransom would prolong the global conflict caused the Allies to offer only token overtures to the Nazis on behalf of the Jews
