New GCSE

Continued success, inspiring all abilities....

AQA recognises the importance of good-quality teaching, learning and assessment resources to accompany their specification. That's why they've chosen to work exclusively with Nelson Thornes. With AQA examiners providing content and quality control, you can be confident that this course is as closely matched to the specification as it can be.

In this Student book, you will find double-page spreads covering each particular section of the specification in an accessible and appealing way, with clear progression through the topics. Every spread is packed with features to help aid and engage learning, including:

Learning objectives and Key points

Understand what you are trying to find out at the start of each lesson and recap with key points at the end.

How Science Works

Thoroughly integrated throughout the book as well as a complete section dedicated to offering comprehensive guidance to this aspect of the specification.

Maths skills

Mathematical skills that are needed for the exams are highlighted and supported with short, visual explanations.

AQA Examiner's tips

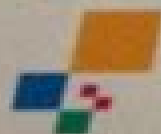

Invaluable tips from AQA examiners to help achieve potential.

Summary and AQA Examination-style questions

Each topic has summary questions to recap, and end-of-chapter questions help consolidate learning. AQA examination-style questions feature at the end of each chapter and unit – in line with the new assessment criteria and written by AQA examiners.

Additional engaging online resources delivered via Kerboodle are also available in this series. Also included within Kerboodle are interactive, online versions of the Student Books.
