Go Tweet Yourself Janelle Randazza, 2009-09-18 Flip Twitter the bird Tell Facebook to f % off Lose it on LinkedIn Somewhere between the advent of Facebook and launching Twitter to the masses the Internet betrayed us It allowed pages to be viewed by job interviewers newsfeeds to be flooded by Aunt Julie and for constant tweets about what color socks that random girl from the study group is going to wear today This book is the hilarious reply all that says enough is enough We don't want to see the pictures from your business trip to Omaha We don't want a page by page account of what's going on in Twilight We definitely don't want a virtual drink When you can't fix the problem fix the blame And since there's no way in 2010 hell that you can put an end to the bastardization of the Book you may as well have a good laugh while pointing the finger at those who ruined their online experience

The True Story of Fake News Mark Dice, 2017-11-03 Is fake news being spread through social media as part of an information war Are political operatives publishing disinformation to smear the opposition and help their own agendas Who creates fake news how does it spread and can it be stopped What are the real world effects of fake news stories that go viral Did it affect the outcome of the 2016 presidential election Or is fake news a fake problem designed to justify tighter control over the mechanisms of sharing information online to drive audiences back to brand name media outlets because their audiences and influence are dwindling Media analyst Mark Dice takes a close look at the fake news phenomenon and the implications of mega corporations like Facebook Google and Twitter becoming the

ultimate gatekeepers and distributors of news and information You will see the powerful and deceptive methods of manipulation that affect us all as numerous organizations and political activists cunningly plot to have their stories seen heard and believed by as many people as possible The depths of lies distortions and omissions from traditional mainstream media will shock you and now they re colluding with the top tech companies trying to maintain their information monopolies This is The True Story of Fake News **Metanoia** Adam Ellwanger,2020-02-25 Western culture is in a moment when wholly new kinds of personal transformations are possible but authentic transformation requires both personal testimony and public recognition In this book Adam Ellwanger takes a distinctly rhetorical approach to analyzing how the personal and the public relate to an individual s transformation and develops a new vocabulary that enables a critical assessment of the concept of authenticity The concept of metanoia is central to this project Charting the history of metanoia from its original use in the classical tradition to its adoption by early Christians as a term for religious conversion Ellwanger shows that metanoia involves a change within a person that results in a truer version of him or herself a change in character or ethos He then applies this theory to our contemporary moment finding that metanoia provides unique insight into modern forms of self transformation Drawing on ancient and medieval sources including Thucydides Plato Paul the Apostle and Augustine as well as contemporary discourses of self transformation such as the public testimonies of Caitlyn Jenner and Rachel Dolezal Ellwanger elucidates the role of language in signifying and authenticating identity Timely and original Ellwanger s study formulates a transhistorical theory of personal transformation that will be of interest to scholars working in social theory philosophy rhetoric and the history of Christianity **50 Most Shocking Tweets from Celebrities and Politicians** Scott Casterson,2016-02-07 **From Z to A-Lister** Jen Su,2015-10-25 Jen Su was told that she would never make it as a Chinese American in the South African broadcasting industry Today this TV and radio presenter is one of the most celebrated personalities on the social landscape with an incredibly strong personal brand built on reputation trust strength of character and social networking From Z to A Lister How To Build Your Personal Brand is an essential guide to developing and cultivating your unique persona by playing on your strengths and singular qualities Jen Su takes you through the South African social scene and shares the secrets that saw her go from Z to A in six different countries around the world Her tips on Asian graces social networking and finding the style that is best for you mixed in with anecdotes of the twists and turns in her personal life will be an inspiration to anyone who is aspiring to build and cultivate their personal brand and reputation
