David Horner

A Ministry Shaped By Mission:

A Ministry Shaped by Mission Paul Avis, 2005-03-20 The book falls into three symmetrical parts each of which is subdivided the subdivisions are listed in the analytical Contents making a Subject Index redundant The first part The Mission of God that Shapes our Ministry draws on the missiological insights of Karl Barth and the Second Vatican Council concerning the *missio Dei* and directly relates this theme to the tasks entrusted to the Church in The Great Commission of Matthew 28 the ministry of the Word the celebration of the sacraments and the exercise of pastoral responsibility It shows how Christians share in the ministry of Christ himself The second part A Ministry Shaped by the Mission of God carries the argument forward by clarifying the much abused term ministry and offering a more rigorous and somewhat controversial definition of ministry as work for the Church that is mandated by the Church and explicitly related to its core tasks Ministers therefore represent both Christ and his Church The third part Ordained to a Ministry Shaped by Mission applies the insights of the earlier parts to ordained and lay ministry and offers a cogent answer to the question What difference does ordination make The book concludes with an agenda for the reform and development of ministry in the light of the arguments advanced

God-shaped Mission Alan Smith, 2013-01-09 Explores some of the issues facing the church especially in rural areas and some theological strands in the New Testament that underpin the way we go about mission This book tells the stories of a range of mission initiatives actually taking place in rural areas and identifies good practice It identifies opportunities for growth for churches

When Missions Shapes the Mission David Horner, 2011 A veteran pastor challenges and motivates churches and their leaders to radically commit their best resources to the mission of spreading the gospel worldwide

Mission-shaped Church John Hull, 2006-02-28 Although there appears to have been no critical responses so far the report on Mission Shaped Churches is being used all over England in the training of people for public ministry Here for the first time is a serious theological evaluation of the framework within which this policy document is presented John Hull's response to the report raises hugely important questions about the concepts of Kingdom Church Gospel and Mission concepts that are not distinguished clearly consistently or acceptably in the report He looks in particular to the consequences this has on the treatment given to issues surrounding poverty consumerism pluralism in faith and community Whilst the author shares the hopes for a renewal of the church most strongly and is an avid supporter of the fresh expression of churches he raises critical questions about the way we go about creating cell churches and cafe churches He also raises questions about the inherent territorialism and possible ignorance of realistic situations of poverty or multi faith communities that the Church may harbour Although the report may look for a mission shaped church what it finds and seems to want to recreate is a church shaped mission

The Oxford Handbook of Anglican Studies Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this

makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism. The 44 essays in this volume embrace a wide range of academic disciplines: theological, historical, demography and geography, and different aspects of culture and ethics. They are united in their discussion of what is effectively a new inter-disciplinary subject which we have termed Anglican Studies. At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world. This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies. At the same time it doesn't impose a particular theological or historical agenda. The contributions are drawn from across the spectrum of theological views and opinions. It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition. In its comprehensive coverage, this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world.

Reimagining Ministry David Heywood, 2013-02-11. This text is a comprehensive introduction to mission and ministry in the contemporary Church which enables students to prepare for ministry in a changing church within a changing world.

Leadership in the Church for a People of Hope Mervyn Davies, Graham Dodds, 2011-07-21

Missa Est! Eugene R. Schlesinger, 2016-12-15. The twenty-first century church cannot afford to neglect mission. When church and culture no longer share a common outlook, the only way forward is mission. Pope Francis recognizes this in his call for a missionary conversion of the church. Responding to this invitation is a constructive work in ecclesiology addressing the relationship between liturgy and mission in the church's life. It advances a notion of the church grounded in both liturgy and mission where neither is subordinated to nor collapsed into the other. The church's liturgical rites disclose and enact the church's identity as a missionary community. Close examination of the sources at the heart of traditional communion ecclesiology: Trinitarian theology, the sacraments of initiation and eucharistic theology yields an ecclesiology in which the church is constituted by both liturgy and mission. These are two distinct ways of participating in the triune life of God which is revealed in the paschal mystery. The church's pilgrimage to God's kingdom takes it through the world in mission. The church as the body of Christ is given away to God and to the world for the world's salvation. The result is a contemporary restatement of traditional ecclesiology transposed into a missional key.

Reshaping Ecumenical Theology Paul Avis, 2010-04-11

A Vital Ministry Caperton John, 2015-05-07. John Caperton highlights the nature and significance of the distinctive ministry of school chaplains and seeks to raise the profile of this key ministry in the Church.
