Trolling Before the Internet David Rudrum,2024-11-14 Trolling began long before the internet This accessible history traces the ancestry of its textual and rhetorical strategies by looking at literature from ancient Greece to the 1980s Trolling is the most controversial genre of writing to have risen to prominence in the 21st century with far reaching consequences for its writers and readers alike But it is too often regarded as a technological problem confined to the internet This book takes a very different approach it regards trolling as a cultural problem with a long and venerable literary history Taking in the contrarianism of Lord Byron the wit of Oscar Wilde insult trading in Shakespeare Jonathan Swift s disaster trolling Martin Luther s dissemination of heresy through a public discussion forum the grotesquely misogynistic abuse hurled in Archilochus s poetry the taunting provocations of avant garde manifestos and not forgetting public humiliations in Beowulf David Rudrum demonstrates that trolls rhetorical shenanigans are neither new nor unvanquishable *English Prose and Poetry (1137-1892)*.
