Department of Biology, Willamette University, Willamette, OR

Part I – The Accident

Frank was driving home after a long day at work. It was late and he was having problems driving in the dark with so much traffic. He was forced to take a detour and felt tired, so he took another sip of vodka.

"What would I do without sugar and caffeine?" he mumbled to himself.

Frank realized that he should probably stop the car as he noticed his hands begin to shake, but he continued anyway. Reaching a corner he realized that he was having trouble focusing on the road. He tried to blink away the blurriest and shook his head, but things did not change. In an instant, the car slipped off the road and hit a tree.

"What was that?" exclaimed Frank to the night air.

He quickly got out of the car and checked himself over. Other than the shock of the accident, Frank seemed to be okay. He pulled out his cell phone and called his wife, Stacy, as soon as he was up. He then called to report the accident to the police and his insurance agent.

His wife arrived about an hour later and looked very concerned when she saw Frank sitting in the police car.

"Why aren't you going to the hospital?" accused Stacy. "Were you drinking again?"

"No, fine, and no I wasn't drinking. Check with Sergeant Enormous if you don't believe me. I lost focus. It's been a long day and my vision's a little off. This is too much stress. Please, I just want to go home."

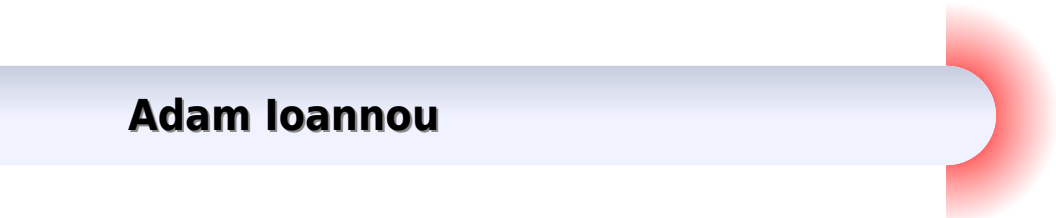

They drove home, but Stacy continued to badger Frank about going to the hospital.

Questions

1. List Frank's physical problems.
2. What do you think is causing Frank's blurred vision?
3. With the above physical problems in mind, what do you speculate about Frank's condition?
