A Piece Of Work Five Writers Discuss Their Revisions:

A Piece of Work Jay Woodruff, 1993 Learning how to revise may well be the most excruciating part of writing frequently it is what makes or breaks new writers Now in this unique and highly useful book Jay Woodruff gives some of America's finest contemporary writers an opportunity to talk with passion and professionalism about revision about the hard work of their writing Books on writing generally offer prescriptions and proscriptions about this craft so hard to learn instead of evidence But in *A Piece of Work* Woodruff's incisive questions guide five writers Tobias Wolff Tess Gallagher Robert Coles Joyce Carol Oates and Donald Hall through specific examples that enable the reader to see how good writing becomes better From the first draft through various revisions and finally to the printed version of a single piece of each author's work Woodruff traces the full course of the revision process While we might prefer to picture all authors as Coleridge with the perfectly formed lines and stanzas of *Kubla Khan* emerging from a dream the truth of the matter is that the development of a final text is often as much a hard won discovery as it is an initial inspiration *A Piece of Work* offers a road map to that discovery **Revision** Alice Horning, Anne Becker, 2006-05-22 Explores the wide range of scholarship on revision while bringing new light to bear on enduring questions in composition and rhetoric *The Creative Writer's Survival Guide* John McNally, 2010-04-15 I write this blurb in distress because for years I've been stealing John McNally's sharp insights into writing and publishing and passing them off as my own Now this generous so and so is sharing his vast experience as a writer and editor with everyone Worse yet this book despite its instructional value is irresistibly unputdownably readable Timothy Schaffert author *Devils in the Sugar Shop* **Thanks, But This Isn't for Us** Jessica Page Morrell, 2009-08-20 A fun practical guide that reveals the essentials of good fiction and memoir writing by exposing the most common mistakes literary writers make All great works of fiction and memoir are unique but most bad novels stories and memoirs have a lot in common From clunky dialogue to poorly sketched-out characters sagging pacing to exaggerated prose these beginners mistakes drive any agent or editor to their stock rejection letter telling the aspiring writer Thanks but this isn't for us and leaving many to wonder what exactly it is that they're doing wrong Veteran writing coach developmental editor and writing instructor Jessica Page Morrell will fill in the gaps in every rejection letter you've ever received In *Thanks But This Isn't for Us* Morrell uses her years of experience to isolate the specific errors beginners make including the pitfalls of unrealistic dialogue failing to show not tell and over the top plot twists These are just a few of the problems that keep writers from breaking through with their work Sympathetic and humane but pulling no punches *Thanks But This Isn't for Us* shows writers precisely where they've gone wrong and how to get on the right track In sixteen to the point chapters with checklists exercises takeaway tips and a glossary Morrell helps readers transcend these mistakes so that they don't have to learn the hard way with another rejection letter **Repair** Elizabeth Spelman, 2003-10-20 We live in a world constantly in need of repair Our cars break down Marriages weaken friendships sour ties between nations are rent Yet we fix things and relationships all the time without giving these activities

much thought Repair is the first book to offer an in depth exploration of this core aspect of human life **Air & Light & Time & Space** Helen Sword,2017-04-17 From the author of Stylish Academic Writing comes an essential new guide for writers aspiring to become more productive and take greater pleasure in their craft Helen Sword interviewed 100 academics worldwide about their writing background and practices and shows how they find or create the conditions to get their writing done **How to be Human-- Though an Economist** Deirdre N. McCloskey,2000 A witty and thoughtful romp through the profession and practice of economics Discovering Creative Writing Graeme Harper,2020-06-12 This is a book about discovering how you do creative writing How you begin how you structure how your writing process works how a work embodies movement and change what influences you and ultimately how you end Discovering Creative Writing points you toward clues that can assist you in understanding your own creative writing as well as the creative writing of others This book is both a practical guide and a critical examination that empowers the reader to find things out and use that information to develop and support their own creative writing This book will enable students of creative writing at both undergraduate and postgraduate level to deepen their understanding of their practice and will be a valuable guide and inspiration for anyone wishing to begin continue or improve their writing **Living Revision** Elizabeth Jarrett Andrew,2018 Revision is the spiritual practice of transformation of seeing text and therefore the world with new eyes Done well revision returns us to our original love In Living Revision award winning author and teacher Elizabeth J Andrew guides writers through the writing and revision process With insight and grace Andrew asks writers to flex their spiritual muscles helping them to transform their writing as they in turn transform themselves into more curious and reflective human beings Teaching Creative Writing Graeme Harper,2006-06-23 Featuring a collection of twelve teaching focused essays this work includes an introduction to the subject of creative writing by Graeme Harper Each chapter draws on key points about the nature of teaching and learning creative writing and covers vario
