A Political Reading Of The Life Of Jesus:

A Political Reading of the Life of Jesus George W Baldwin, 2006-10 For over 2000 years Christendom has made the life and teachings of Jesus irrelevant in the realm of politics In challenging the oppressive systems of his day Jesus offered a compelling model for political action His life is an example of the proper integration of politics and religion The recognition that Jesus was the leader of a political insurrection is examined in relation to Christology the doctrine of the Trinity theories of atonement love of neighbor and the role of the Christian church There are two powerful themes in the Christian Bible the Biblical theme of Salvation is the one the Church has always lifted up because it does not represent any threat to the Powers and domination systems and the Biblical theme of Liberation is not generally promoted because it represents a genuine challenge to the Powers By reflecting upon these two powerful Biblical themes the reader will recognize the social political dimensions of his or her life while gaining a greater level of personal integrity Brief dialogues called Credo to Credo are presented with persons who represent various facets of our culture *Reading Scripture as a Political Act* Matthew A. Tapie, Daniel Wade McClain, 2015-11-01 Although scholars increasingly understand Scripture to contain political dimensions and implications the interpretation of Scripture is often marginalized in most scholarly discussions of political theology Reading Scripture as a Political Act takes a step toward remedying this situation by exploring some of the ways the church has read Scripture politically In particular this volume examines the political character of premodern and modern theologians readings of Scripture with attention to how their readings relate to or address political challenges in their particular social and historical settings The essays attempt to illuminate the ways that the theological interpretation of Scripture shaped the theopolitical imaginations of Augustine Basil of Caesarea Bonaventure Thomas Aquinas Bartolome de las Casas John Wesley Karl Barth Henri de Lubac and John Howard Yoder among others Several essays in the volume also take constructive steps and suggest how these models of reading Scripture can inform the contemporary task of reading Scripture in political contexts The volume covers the earliest Christian centuries to the late modern era and considers carefully the close coordination between Scripture theology and social and political concerns As a whole the collection provides a robust survey of Christian theopolitical interpretation of the Bible *Worshipping Politics* Luke J. Goble, 2017-05-08 It is not a secret that the political system in the United States is broken Unfortunately many Christians are ambivalent about or worse yet contributors to that dysfunction Many know they should do something but don't know what to do or how to do it Drawing on insights from history theology and culture *Worshipping Politics* reframes the relationship between faith and politics as one of intentional formation instead of divisive decision making When we focus on how we are formed as people and the church in relationship to our various communities instead of what we think and believe in relation to culture and society it changes the way we engage the world Unlearning our faulty emphasis on the power of our own intellect and learning how to be formed in grace and love for the world through our everyday lives just might make a

different kind of politics possible *Binding the Strong Man* Myers, Ched ,2019-02-20 This is the first commentary on the Gospel of Mark to systematically apply a multidisciplinary approach called socio literary method Myers integrates literary criticism socio historical exegesis and political hermeneutics in his investigation of Mark the oldest story of Jesus as manifesto of radical discipleship *Jesus and the Rise of Nationalism* Halvor Moxnes,2011-10-30 The great German theologian Albert Schweitzer famously drew a line under nineteenth century historical Jesus research by showing that at the bottom of the well lay not the face of Joseph s son but rather the features of all the New Testament scholars who had tried to reveal his elusive essence In his thoughtful and provocative new book Halvor Moxnes takes Schweitzer s observation much further the doomed quest for the historical Jesus was determined not only by the different personalities of the seekers who undertook it but also by the social cultural and political agendas of the countries from which their presentations emerged Thus Friedrich Schleiermacher s Jesus was a teacher corresponding with the role German teachers played in Germany s movement for democratic socialism Ernst Renan s Jesus was by contrast an attempt to represent the positive Orient as a precursor to the civilized self of his own French society Scottish theologian G A Smith demonstrated in his manly portrayal of Jesus a distinctively British liberalism and Victorian moralism Moxnes argues that one cannot understand any life of Jesus apart from nationalism and national identity and that what is needed in modern biblical studies is an awareness of all the presuppositions that underlie presentations of Jesus whether in terms of power gender sex and class Only then he says can we start to look at Jesus in a way that does him justice *Themelios, Volume 37, Issue 3* D. A. Carson,2015-01-27 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor D A Carson Trinity Evangelical Divinity School Managing Editor Brian Tabb Bethlehem College and Seminary Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary **Political Theory for Mortals** John E. Seery,2018-10-18 Despite an abundance of

violence occurring in political contexts no liberal political theorist since Thomas Hobbes has talked directly and coherently about death John E Seery does He contends that liberalism desperately needs a theoretical framework in which to discuss pressing matters of human mortality Among the contemporary political issues that cry out for theoretical articulation Seery suggests are abortion politics ethnic cleansing suicide assistance national reparations environmental degradation and capital punishment Seery offers a new conception of social contract theory as a framework for confronting death issues He urges us to look to an older tradition of descent into an underworld wherein classic theorists consulted poetically with the dead and acquired from them political insight and direction In this lively book Seery excavates the infernal tradition by rereading the politics of death in Platonism early Christianity and contemporary feminism Building on those traditions he proposes a new constructive image of death that can serve democratic theory productively Reconsidered from the land of the shades social contractarian theory is sufficiently altered that for example a pro life Christian and a pro choice secularist might be able to strike common ground upon which to discuss abortion politics *The Postmodern Bible* George Aichele, Fred W.

Burnett, Robert M. Fowler, David Jobling, Tina Pippin, Wilhelm Wuellner, Bible and Culture Collective, 1995-01-01 The burgeoning use of modern literary theory and cultural criticism in recent biblical studies has led to stimulating but often bewildering new readings of the Bible This book argued from a perspective shaped by postmodernism is at once an accessible guide to and an engagement with various methods theories and critical practices transforming biblical scholarship today Written by a collective of cutting edge scholars with each page the work of multiple hands The Postmodern Bible deliberately breaks with the individualist model of authorship that has traditionally dominated scholarship in the humanities and is itself an illustration of the postmodern transformation of biblical studies for which it argues The book introduces illustrates and critiques seven prominent strategies of reading Several of these interpretive strategies rhetorical criticism structuralism and narratology reader response criticism and feminist criticism have been instrumental in the transformation of biblical studies up to now Many feminist and womanist criticism ideological criticism poststructuralism and psychoanalytic criticism hold promise for the continued transformation of these studies in the future Focusing on readings from both the Hebrew Bible and the New Testament this volume illuminates the current multidisciplinary debates emerging from postmodernism by exposing the still highly contested epistemological political and ethical positions in the field of biblical studies *The Auburn Seminary Review*, 1904

Political Theology: A Guide for the Perplexed Elizabeth Phillips, 2012-06-07 There is an increasingly intense interest in political theology amongst contemporary scholars and students Yet while there are many authors engaging in political theology there are very few resources about political theology which aim to orient students and other recent newcomers to the field This is a concise and accessible advanced introduction which distinguishes various approaches to political theology and which explores several of the central issues addressed in political theologies Theological students will be able to approach courses and readings in political theology with
