

A serene landscape featuring a mountain range under a warm, orange-hued sky at sunset. The sun is partially visible on the right side, casting a glow over the scene. A large, dark, semi-transparent rectangular box is centered over the image, containing a quote in white text.

In silence a question has great power,
because in silence a question will always
lead you deeper into your experience. If
there is no grounding in silence, a spiritual
question is going to lead you into your mind.

A Question Of Silence:

American Domesticity Kathleen Anne McHugh, 1999-03-25 From the cult of domesticity to the Semiotics of the Kitchen housekeeping has been central to both constructing and critiquing the role of women in American society Frequently domesticity's style has been to make invisible the labor that produces it allowing woman to be asserted or argued about in universal terms that downplay race class and material relations American Domesticity considers this relationship in representations of domesticity and domestic labor over the last two centuries in didactic cinematic and feminist texts While the domestic is usually conceived of as the antithesis of the public economical and political Kathleen McHugh demonstrates how domestic discourse established the terms within which the most crucial national issues the market economy universal white male suffrage slavery the construction of racial difference consumerism spectatorship desire and even feminism were conceived assimilated and understood Beginning in the nineteenth century the book investigates the historical roots of domestic labors invisibility in widely circulated didactic housekeeping manuals written by Lydia Child Catherine Beecher Mary Pattison and Christine Frederick It then considers how pedagogical discourses became entertainment discourses their focus shifting from the silent era of film to the twilight of the classical period The book concludes with an examination of the return of a pedagogical impulse within feminist film production concerning domesticity comparing it to the concurrent rise of feminist film theory in the academy Looking at this wide range of print and film texts McHugh traces the outlines of a discourse of domesticity that claims to be private and universal but instead brokers difference within the public sphere

The Dark Side of the Nation Himani Bannerji, 2000 These feminist Marxist and anti racist essays speak to important current political issues Though they begin from experiences of non white people living in Canada they provide a critical theoretical perspective capable of exploring similar issues in other Western and Third World countries This reading of difference includes and extends beyond the cultural and the discursive into political economy state and ideology It cuts through the conventional paradigms of current debates on multiculturalism These essays take up in particular the notion of Canada as the nation and the state as an unsettled ground of contested hegemonies They particularly draw attention to how the state of Canada is an unfinished one and how the discourse of culture helps it to advance the legitimization claim needed by any state especially one arising in a colonial context with unsolved nationalist problems The myth of the two founding peoples Anglo and Francophone conveniently ignored the reality of First Nations More recently it has also ignored the entrance of non European immigrants who may have a history of being indentured and politically marginalized and have just begun struggling for political enfranchisement in their new homeland *West Germany Under Construction* Robert G. Moeller, 1997 Collects important recent essays in a critical reexamination of the Federal Republic's early history

Exploring Media Culture Michael R. Real, 1996-09-26 A beautifully written intellectually challenging and highly readable exploration of the mysteries of contemporary mass media and popular culture Real does a masterful job of empowering his

readers Students will find this book fascinating and in some cases terrifying Arthur Asa Berger San Francisco State University

Scratching the Surface Enakshi Dua, Angela Robertson, 1999 Scratching the Surface brings together 14 anti racist feminists who examine ways in which race and gender interact to shape the lives of women of colour in Canada This collection of articles covers a broad range of topics such as the impact of colonialism and its associated discourses on First Nations and other groups of colonized women racism in the Canadian labour movement the impact of globalization on women of colour the ways in which the institution of the nuclear family shapes racism sexism in communities of colour and the ways in which the women s movement can create an anti racist praxis The book not only provides exciting new insights into how women of colour experience Canadian society but also provides instructors with a textbook that integrates anti racist and feminist approaches

The Unruly Woman Kathleen Rowe Karlyn, 2011-01-20 Unruly women have been making a spectacle of themselves in film and on television from Mae West to Roseanne Arnold In this groundbreaking work Kathleen Rowe explores how the unruly woman often a voluptuous noisy joke making rebel or woman on top uses humor and excess to undermine patriarchal norms and authority At the heart of the book are detailed analyses of two highly successful unruly women the comedian Roseanne Arnold and the Muppet Miss Piggy Putting these two figures in a deeper cultural perspective Rowe also examines the evolution of romantic film comedy from the classical Hollywood period to the present showing how the comedic roles of actresses such as Katharine Hepburn Barbara Stanwyck and Marilyn Monroe offered an alternative empowered image of women that differed sharply from the suffering heroine portrayed in classical melodramas

Chick Flicks B. Ruby Rich, 1998 If there was a moment during the sixties seventies or eighties that changed the history of the women s film movement B Ruby Rich was there Part journalistic chronicle part memoir and 100% pure cultural historical odyssey Chick Flicks with its definitive the way it was collection of essays captures the birth and growth of feminist film as no other book has done For over three decades Rich has been one of the most important voices in feminist film criticism Her presence at film festivals such as Sundance where she is a member of the selection committee her film reviews in the Village Voice Elle Out and the Advocate and her commentaries on the public radio program The World have secured her a place as a central figure in the remarkable history of what she deems cinefeminism In the hope that a new generation of feminist film culture might be revitalized by reclaiming its own history Rich introduces each essay with an autobiographical prologue that describes the intellectual political and personal moments from which the work arose Travel softball sex and voodoo all somehow fit into a book that includes classic Rich articles covering such topics as the antiporn movement the films of Yvonne Rainer a Julie Christie visit to Washington and the historically evocative film Maedchen in Uniform The result is a volume that traces the development not only of women s involvement in cinema but of one of its key players as well The first book length work from Rich whose stature and influence in the world of film criticism and theory continue to grow Chick Flicks exposes unexplored routes and forgotten byways of a past that s recent enough to be remembered and far away enough to be

memorable **Remote Control** Barbara Kruger,1994 Barbara Kruger is a talking viewer with a hit and run attitude Her vivid commentary on TV and film will galvanize even the most jaded with its social clarity and its savvy sense of cultural justice A Question of Respect Robert L. Worley,2006-07 The War of 1812 comes alive in this sweeping saga of a nation little prepared to fight an empire The political drama and stunning battle scenes keep the reader captivated **A Question Of Discipline** Joyce E.
