The Satir Model Virginia Satir, 1991 This book represents the evolution of Satir s ideas over the last twenty years In clear plain terms it details her theoretical position her strategy in therapy and how she tailored her interventions to address people s particular issues

The Quick Theory Reference Guide Karin Jordan, 2007

Since the beginning of the concepts of family therapy mental health professionals have known that the family the system is a powerful source of support for change or a powerful force for resistance to change Some professionals work with individuals some with families and some with groups However all work with the context of the systems family group community country etc Students especially beginning students are overwhelmed and confused at the variety of approaches to working with clients Many programs introduce students to individual as well as systems concepts in the course of training Students need assistance in learning this variety of theories They need to be able to compare and contrast theories and techniques to determine when and where to utilise the best skills in order to facilitate client change Dr Karin Jordan has compiled a comprehensive text that enables the students to discover each theory as it is presented in its purist form The text is accessible yet the content provides comprehensive knowledge of each theory Dr Jordan has brought together the master educators and clinicians in our fields to write about their particular expertise

Theories and Applications of Counseling and Psychotherapy Earl J. Ginter, Gargi Roysircar, Lawrence H. Gerstein, 2018-03-22 This book provides students with the foundational knowledge they need to understand and implement the various therapeutic approaches used in individual counseling

Biodynamic Craniosacral Therapy, Volume Three Michael J. Shea, Ph.D., 2010-11-30 Dr Michael J Shea s

series on Biodynamic Craniosacral Therapy is based on healthcare providers physically sensing love and accessing a deep sense of warmth and stillness in the heart He begins this third volume by emphasizing the therapeutic application of touch therapy skills As in the previous two books he teaches these skills by explaining the importance of practitioners being able to perceive Primary Respiration a slow rhythmic tidal movement in the fluids of the body He goes on to discuss the distinctive influence of human embryology on any therapeutic modality A number of other experts in the field contribute chapters that illuminate the spiritual and psychological dimensions of human embryonic development especially the heart Dr Shea offers valuable new skills for anyone from midwives to pediatricians working therapeutically with infants In addition he summarizes current thinking on infant brain development discusses the long term consequences of attachment issues between the mother and infant and explores the importance of understanding the similarities of the mother infant and the therapistpatient relationships **AB Bookman's Yearbook** ,1996
