To Become an American Leslie A. Hahner, 2017-10-01 Pledging allegiance singing the Star Spangled Banner wearing a flag pin these are all markers of modern patriotism emblems that announce the devotion of American citizens Most of these nationalistic performances were formulized during the early twentieth century and driven to new heights by the panic surrounding national identity during World War I In *To Become an American* Leslie A Hahner argues that in part the Americanization movement engendered the transformation of patriotism during this period Americanization was a massive campaign designed to fashion immigrants into perfect Americans those who were loyal in word deed and heart The larger outcome of this widespread movement was a dramatic shift in the nation s understanding of Americanism Employing a rhetorical lens to analyze the visual and aesthetic practices of Americanization Hahner contends that Americanization not only tutored students in the practices of citizenship but also created a normative visual metric that modified how Americans would come to understand interpret and judge their own patriotism and that of others
