A Modern History Of Hong Kong:

A Modern History of Hong Kong Steve Yui-Sang Tsang, 2004 From a little known fishing community at the periphery of China Hong Kong developed into one of the world's most spectacular and cosmopolitan metropolises after a century and a half of British imperial rule This history of Hong Kong from its occupation by the British in 1841 to its return to Chinese sovereignty in 1997 includes the foundation of modern Hong Kong its developments as an imperial outpost its transformation into the pearl of the British Empire and of the Orient and the events leading to the end of British rule The book addresses the changing relations between the local Chinese and the expatriate communities in 156 years of British rule and the emergence of a local identity It ends with a critical but dispassionate examination of Hong Kong's transition from a British Crown Colony to a Chinese Special Administrative Region

A Modern History of Hong Kong Steve Yui-Sang Tsang, 2011 **A Modern History of Hong Kong** Steve Tsang, 2007-08-15 This major history of Hong Kong tells the remarkable story of how a cluster of remote fishing villages grew into an icon of capitalism The story began in 1842 with the founding of the Crown Colony after the First Anglo Chinese war the original Opium War As premier power in Europe and an expansionist empire Britain first created in Hong Kong a major naval station and the principal base to open the Celestial Chinese Empire to trade Working in parallel with the locals the British built it up to become a focus for investment in the region and an international centre with global shipping banking and financial interests Yet by far the most momentous change in the history of this prosperous capitalist colony was its return in 1997 to Mother China the most powerful Communist state in the world

Critical Readings on the History of Hong Kong John M. Carroll, Chi-kwan Mark, 2015-03-05 Critical Readings on the Modern History of Hong Kong introduces some of the most important English language readings on the history of Hong Kong since the early 1840s until 1997 and through the fifteen years since then *A Modern History of Hong Kong* Steve Tsang, 2007-07-30 This major history of Hong Kong tells the remarkable story of how a cluster of remote fishing villages grew into an icon of capitalism The story began in 1842 with the founding of the Crown Colony after the First Anglo Chinese war the original Opium War As premier power in Europe and an expansionist empire Britain first created in Hong Kong a major naval station and the principal base to open the Celestial Chinese Empire to trade Working in parallel with the locals the British built it up to become a focus for investment in the region and an international centre with global shipping banking and financial interests Yet by far the most momentous change in the history of this prosperous capitalist colony was its return in 1997 to Mother China the most powerful Communist state in the world *A New Documentary History of Hong Kong, 1945-1997* Florence Mok, Fung Chi Keung Charles, 2025-03-17 In *A New Documentary History of Hong Kong 1945-1997* Florence Mok Fung Chi Keung Charles and other contributors analyse newly released archival records from the National Archives in London the Government Records Service in Hong Kong and other sources across the world This documentary collection provides an updated and improved understanding of basic aspects of the city such as governance economy society

and culture It also aims at investigating topics that are under exploited in previous sourcebooks such as race and diasporas gender and familial relations medicine and healthcare and environment and natural disasters Overall this book offers an innovative and comprehensive long term perspective of Hong Kong s colonial history This book is far more than a collection of historical documents it is a new history of Hong Kong from 1945 to 1997 As useful as these sources are for telling the history of Hong Kong during this period just as valuable are the introductions and commentaries by the contributors For while these sources tell us much about Hong Kong this book is a powerful testament to the fact that it is historians who make historical documents speak and who give them meaning John M Carroll University of Hong Kong I find a commitment to academic sharing and altruism among the editors and contributors of this sourcebook They shared with us the documents they covered in their own research They identified those that were most relevant to capturing the essential features of Hong Kong society in their chosen areas of study Tai lok Lui Education University of Hong Kong A significant contribution from a new generation of Hong Kong historians this collective effort provides clear and concise accounts of various aspects of Hong Kong s history Their insights and meticulous work in uncovering archival materials and documentary sources will enable further inquiry and foster nuanced discussions among history enthusiasts and scholars Ray Yep University of Bristol
