A Mourning In Autumn:

A Mourning in Autumn Harker Moore, 2007-07-31 NYPD homicide detective Lieutenant Jimmy Sakura is back as he faces a series of gruesome murders In the back alleys of New York City the latest in a series of murders is more disturbing than anything detective Lieutenant Jimmy Sakura has ever seen women ritually executed in the most brutal way possible Not only must Sakura delve into the disturbing recesses of his mind where the tools for this kind of investigation lurk but he must conceal this agonizing work from his wife Hanae who has only just recovered from the wounds physical and mental that she suffered at the hands of Jimmy s last quarry With no one to rely on and faced with his worst nightmare Sakura threatens to bend under the strain as he seeks out the self styled Eater of Souls and risks pushing himself far beyond the point of no return

Luxuriant Gems of the Spring and Autumn Zhongshu Dong, 2015-12-15 The Spring and Autumn Chunqiu is a chronicle kept by the dukes of the state of Lu from 722 to 481 B C E Luxuriant Gems of the Spring and Autumn Chunqiu fanlu follows the interpretations of the Gongyang Commentary whose transmitters sought to explicate the special language of the Spring and Autumn The work is often ascribed to the Han scholar and court official Dong Zhongshu but as this study reveals the text is in fact a compendium of writings by a variety of authors spanning several generations It depicts a utopian vision of a flourishing humanity that they believed to be Confucius s legacy to the world The Gongyang masters thought that Confucius had written the Spring and Autumn employing subtle phrasing to indicate approval or disapproval of important events and personages Luxuriant Gems therefore augments Confucian ethical and philosophical teachings with chapters on cosmology statecraft and other topics drawn from contemporary non Confucian traditions A major resource this book features the first complete English language translation of Luxuriant Gems divided into eight thematic sections with introductions that address dating authorship authenticity and the relationship between the Spring and Autumn and the Gongyang approach Critically illuminating early Chinese philosophy religion literature and politics this book conveys the brilliance of intellectual life in the Han dynasty during the formative decades of the Chinese imperial state

Appalachian Autumn Marcia Bonta, 2011-12-01 Like her popular Appalachian Spring Marcia Bonta s new book offers a day by day account of the changing world of nature in the mountains of central Pennsylvania This time she chronicles the beauties of the autumn months as she

walks the familiar roads and trails of her 500 acre mountain top farm noting the minute transformations of the season as well as the more dramatic ones But her quiet sojourn in the natural world is shattered by the intrusion of a lumberman who insists upon clear cutting a neighboring property The massive bulldozers and skidders crush every tree and shrub weed and wildflower leaving only rubble in their wake The Bontas become involved in a lawsuit challenging this violation of the land they love and seeking to protect their own property from the effects of the logging Autumn is a bittersweet time Bonta writes a season of good byes when after the flaming leaves fall and start the inevitable process of decay we are left with only the bare bones of nature Fleeing from the whine of chain saws and the crash of falling trees she roams the mountain top watching wild turkeys forage in the field flocks of migrating birds feast on wild grapes does and bucks eye each other in their mating ritual But she can never completely evade the insistent question What is the relationship between humans and nature Does ownership give one the right to do as one pleases with the land and all the flora and fauna living on it Does the natural world exist solely to satisfy mankind's desire for profit The answer is not simple it cannot be drawn in winter's black and white But the issues must be of concern to every thoughtful person Marcia Bonta's Appalachian Autumn offers a new voice in the ongoing debate

The Autumn of the Middle Ages Johan Huizinga, 2020-04-25 Here is the first full translation into English of one of the twentieth century's few undoubted classics of history The Washington Post Book World The Autumn of the Middle Ages is Johan Huizinga's classic portrait of life thought and art in fourteenth and fifteenth century France and the Netherlands Few who have read this book in English realize that The Waning of the Middle Ages the only previous translation is vastly different from the original Dutch and incompatible with all other European language translations For Huizinga the fourteenth and fifteenth century marked not the birth of a dramatically new era in history the Renaissance but the fullest ripest phase of medieval life and thought However his work was criticized both at home and in Europe for being old fashioned and too literary when The Waning of the Middle Ages was first published in 1919 In the 1924 translation Fritz Hopman adapted reduced and altered the Dutch edition softening Huizinga's passionate arguments dulling his nuances and eliminating theoretical passages He dropped many passages Huizinga had quoted in their original old French Additionally chapters were rearranged all references were dropped and mistranslations were introduced This translation corrects such errors recreating the second Dutch edition which represents Huizinga's thinking at its most important stage Everything that was dropped or rearranged has been restored Prose quotations appear in French with translations preprinted at the bottom of the page mistranslations have been corrected A once pathbreaking piece of historical interpretation This new translation will no doubt bring Huizinga and his pioneering work back into the discussion of historical interpretation Rosamond McKittrick The New York Times Book Review

Romanticism, Memory, and Mourning

Mark Sandy, 2016-04-08 The subject of Romanticism Memory and Mourning could not be timelier with Žižek's recent proclamation that we are living in the end times and in an era which is preoccupied with the process and consequences of ageing We mourn both for our pasts and futures as we now recognise that history is a continuation and record of loss Mark Sandy explores the treatment of grief loss and death across a variety of Romantic poetic forms including the ballad sonnet epic elegy fragment romance and ode in the works of poets as diverse as Smith Hemans Blake Wordsworth Coleridge Byron Shelley Keats and Clare Romantic meditations on grief however varied in form and content are self consciously aware of the complexity and strength of feelings surrounding the consolation or disconsolation that their structures of poetic memory afford those who survive the imaginary and actual dead Romantic mourning Sandy shows finds expression in disparate poetic forms and how it manifests itself both as the spirit of its age rooted in precise historical conditions and as a prophetic power of lasting transhistorical significance Romantic meditations on grief and loss speak to our contemporary anxieties about the inevitable but unthinkable event of death itself

Reading Apollinaire's

Alcools Willard Bohn, 2016-10-27 Reviewing the previous scholarship for seventeen of the most important poems in Alcools this book provides a detailed analysis of each work and includes a state of the art survey of current Apollinaire criticism Besides acquainting readers with the existing scholarship the book considers all the interpretations that have been proposed and indicates profitable directions to pursue Each poem is subjected to a rigorous line by line analysis that engages in a succession of dialogues with previous critics The studies themselves are arranged in roughly chronological order beginning with the Rhinanes in 1901 1902 and concluding with Zone in 1912 Although each chapter is basically conceived as an independent unit readers are able to follow the evolution of Apollinaire's aesthetics from his first mature creations through his subsequent experiments with fantastic hermetic visionary and cubist poetry At the same time they witness Apollinaire's personal evolution from his infatuation with Annie Playden through a period of deep depression his love affair with Marie Laurencin and the aftermath of that relationship
