A Nightly Word For Those Who Seek Pragmatic Spirituality:

A Nightly Word Patricia Gomavitz, 2015-05-15 Are you a spiritual explorer For over three years Patricia Gomavitz has channeled pragmatic spiritual concepts through a series of nightly messages from the causal entity Joseph and in this book she shares those teachings with you the same way Joseph has given them to her one word at a time Each night the message begins Good evening We are here with you Joseph then elaborates on a word of their choice struggle gratitude faith and many more illuminating the spiritual implications of each word and how you might apply this knowledge to improve your everyday life As an entity that exists on the causal plane Joseph has an exalted vantage point from which to offer advice for life here on the physical plane as well as insights to what lies beyond Joseph has provided these incredibly rich and complex spiritual teachings in an easily accessible format with straightforward language and an eye toward the practicality of understanding such concepts so that they may be used If you are searching for teachings that resonate you likely have a vibrational curiosity that allows for this study a drive Patricia is familiar with as a life long spiritual explorer She knows what it s like to yearn for teachings that fit like a key in a lock and she hopes that all who are receptive to the information offered here will find it naturally and be uplifted The student discovers the teacher when he is ready to learn and if you are drawn to this book and its wisdom Joseph just may be the teacher you seek From antiquity the great spiritual masters have each in their own way uniquely articulated the one common thread that is found in every sacred text irrespective of the faith that we are all a part of something far greater than ourselves and that when we are open to It we receive impeccable and comforting guidance and wisdom In *A Nightly Word* Pat Gomavitz proves she is listening and she graciously shares a sacred continuum of thoughts beliefs and ideas that will enrich your life and make the world a better place **Re Defining Moments Becoming Who You Were Born to Be** Walter Benjamin, *Religion and Aesthetics* S. Brent Plate, 2005-07-08 Walter Benjamin *Religion and Aesthetics* is an innovative and creative attempt to unsettle and reconceive the key concepts of religious studies through a reading with and against Walter Benjamin Constructing what he calls an allegorical aesthetics Plate sifts through Benjamin s writings showing how his concepts of art allegory and experience undo traditionally stabilizing religious concepts such as myth symbol memory narrative creation and redemption **Women, Religion and the Body in South Asia** Kristin Hanssen, 2018-04-19 Noted for their haunting melodies and enigmatic lyrics Bauls have been portrayed as spiritually enlightened troubadours traveling around the countryside in West Bengal in India and in Bangladesh As emblems of Bengali culture Bauls have long been a subject of scholarly debates which center on their esoteric practices and middle class imaginaries of the category Baul Adding to this literature the intimate ethnography presented in this book recounts the life stories of members from a single family shining light on their past and present tribulations bound up with being poor and of a lowly caste It shows that taking up the Baul path is a means of softening the stigma of their lower caste identity in that religious practice where women play a key role renders the body pure The path is also a source of monetary income in that

begging is considered part of their vocation For women the Baul path has the added implication of lessening constraints of gender While the book describes a family of singers it also portrays the wider society in which they live showing how their lives connect and interlace with other villagers a theme not previously explored in literature on Bauls A novel approach to the study of women the body and religion this book will be of interest to undergraduates and graduates in the field of the anthropology In addition it will appeal to students of everyday religious lives as experienced by the poor through case studies in South Asia The book provides further evidence that renunciation in South Asia is not a uniform path despite claims to the contrary There is also a special interest in Bauls among those familiar with the Bengali speaking region While this book speaks to that interest its wider appeal lies in the light it sheds on religion the body life histories and poverty **The Dial**
