A Cultural History of the Soul Kocku von Stuckrad, 2022-02-15 The soul which dominated many intellectual debates at the beginning of the twentieth century has virtually disappeared from the sciences and the humanities Yet it is everywhere in popular culture from holistic therapies and new spiritual practices to literature and film to ecological and political ideologies Ignored by scholars it is hiding in plain sight in a plethora of religious psychological environmental and scientific movements This book uncovers the history of the concept of the soul in twentieth century Europe and North America Beginning in fin de siècle Germany Kocku von Stuckrad examines a fascination spanning philosophy the sciences the arts and the study of religion as well as occultism and spiritualism against the backdrop of the emergence of experimental psychology He then explores how and why the United States witnessed a flowering of ideas about the soul in popular culture and spirituality in the latter half of the century Von Stuckrad examines an astonishingly wide range of figures and movements ranging from Ernest Renan Martin Buber and Carl Gustav Jung to the Esalen Institute deep ecology and revivals of shamanism animism and paganism to Rachel Carson Ursula K Le Guin and the Harry Potter franchise Revealing how the soul remains central to a culture that is only seemingly secular this book casts new light on the place of spirituality religion and metaphysics in Europe and North America today

Denise Levertov Audrey T. Rodgers, 1993 Through careful analysis of Levertov's social verse she demonstrates that there is a consistency and pattern in what the artist herself has termed the poems of engagement Denise Levertov began her career in England as a lyric poet in the Romantic mode but even then was touched by the reductive nature of war revealed in her first published poem Listening to Distant Guns During the mid 1960s Levertov's social conscience notably her strong antiwar sentiment was reawakened by the Vietnam War This reawakening resulted in several volumes of poetry that mirrored her

concerns with the war and political activism at home and her perplexity at the nature of human beings often great and compassionate but at times cruel and insensitive There exists a common thread in Levertov's pilgrimage from her beginning as a lyric poet to her status as an artist definitively in the world she has always responded to everything within the compass of her experience
