as social types who embodied a romantic and leisured California lifestyle Addressing working and lower middle class readers who were prospering in the first mass consumption society the magazine published not only publicity stories but also beauty secrets fashion layouts interior design tips recipes advice columns and vacation guides Postwar femininity was constructed in terms of access to commodities in suburban houses as the site of family togetherness As the decade progressed however changing social mores regarding female identity and behavior eroded the relationship between idolized stars and worshipful fans When the magazine adopted tabloid conventions to report sex scandals like the Debbie Eddie Liz affair stars were demystified and fans became scandalmongers But the construction of female identity based on goods and performance that resulted in unstable fragmented selves remains a legacy evident in postmodern culture today
