Boise Postcard History:

boise 15 Historic Postcards Frank Thomason,2009-04 Set of 15 picture postcards plus additional title and end cards containing credits Cards explore the history of Boise through vintage photographs on the front and historical information on the back of each card **Boise** Frank E. Aden Jr.,2015-02-09 Boise was founded on the Oregon Trail in 1863 shortly after the opening of Fort Boise which was built to protect the gold that had recently been discovered in the Boise Basin around Idaho City By the late 1800s Boise had a very large downtown infrastructure and it saw the addition of many multistoried buildings after 1900 In the late 1960s though the 1970s Boise experienced a major urban renewal project with many of the historic buildings being torn down to make way for a new downtown mall Since the 1970s many new buildings have filled in the lots created by the urban renewal This book will give readers an idea of what Boise once looked like *Report of the Board of Trustees of the State Historical Society of Idaho* Idaho State Historical Society,1928 **Biennial Report of the Board of Trustees of the State Historical Society of Idaho** Idaho State Historical Society. On Board the USS Boise in World War II Ian S. Bertram,2025-09-17 The story of the USS Boise CL 47 is one of fear loss endurance fame triumph and pain The light cruiser endured a remarkable career through the entirety of World War II with a redemption arc that took its crew from the position of scapegoats to heroes and ultimately to the vanguard of America's liberation forces One man Donald DB Fitch witnessed the entire conflict from his battle station on the bridge The ship conducted secret missions and fought at Guadalcanal Sicily New Guinea and the Philippines Through Fitch's eyes this book relives the terrors and thrills of naval combat along with the pranks shenanigans and the rumors that were the lifeblood of a ship through four years of war Fitch and his friends fought for each other and their country and in the end they left their mark on history *The Journal of Arizona History* ,1965 *Postcards in the Library* Norman D Stevens,2014-01-09 Postcards individually and collectively contain a great deal of information that can be of real value to students and researchers Postcards in the Library gives compelling reasons why libraries should take a far more active and serious interest in establishing and maintaining postcard collections and in encouraging the use of these collections It explains the nature and accessibility of existing postcard collections techniques for acquiring arranging preserving and handling collections and ways to make researchers and patrons aware of these collections Postcards in the Library asserts that in most cases existing postcard collections are a vastly underutilized scholarly resource Editor Norman D Stevens urges librarians to help change this since postcards as items for mass consumption and often with no apparent conscious literary or social purpose are a true reflection of the society in which they were produced Stevens claims that messages written on postcards may also reveal a great deal about individual and or societal attitudes and ideas Chapters in Postcards in the Library are written by librarians who manage postcard collections postcard collectors and researchers Some of the authors have undertaken major research projects that demonstrate the ways in which postcards can be used in research and that have

begun to establish a standard methodology for the analysis of postcards They write about major postcard collections including the Institute of Deltiology and the Curt Teich Postcard Archives the use of postcards for scholarly research postcard conservation and preservation arrangement and organization and importance and value Postcards in the Library describes the postcard collections in a variety of libraries of different kinds and sizes and indicates very real ways in which the effective use of postcard collections can result in and contribute to substantive scholarly publications It also offers advice and suggestions on the myriad issues that libraries face in handling these ephemeral fragments of popular culture Special collections librarians postcard collectors postcard dealers and historical societies will find the information in Postcards in the Library refreshing and practical Libraries with established postcard collections or those thinking about developing postcard collections will use it as a valuable planning tool and start to finish guide *Idaho Yesterdays* ,2000 Guide to Photographs in the Western History Collections of the University of Oklahoma Kristina L.
