Redpath,2019-10-19 Nothing short of a metaphysical disturbance and metaphysical revolution of the highest order can resolve the West s and the world s current cultural political and civilizational problems Dr Redpath s contribution to resolving this metaphysical crisis has been chiefly to add to the vision of his mentors the dimension that the only way to reunite science and wisdom is through uniting philosophy and science and the only way to reunite philosophy and science is through a new interpretation of Western intellectual history especially that of the nature of ancient philosophy and of the teachings of St Thomas While in the first volume of this series Dr Redpath endeavored to accomplish this re interpretation in

this second volume he has sought chiefly to consider essential implications regarding the nature of the reunion between philosophy and science and the teachings of St Thomas He expects that he has helped his mentors give birth to a radically new interpretation of St Thomas what some colleagues of his and he have started to call Born Again Thomism or Ragamuffin Thomism as well as a radically new interpretation of philosophy and science      **An Elementary Christian Metaphysics** Joseph Owens,1963      *The Great Ideas of Religion and Freedom* ,2021-08-30 This volume tests a hypothesis philosophy and science are identical forms of behavioristic organizational psychology a psychological habit of wondering about causes of organizational existence formation and behaviour Focusing attention on two universal and culturally influential great ideas freedom and religion this volume s array of international scholars demonstrate that leading ancient and medieval philosophers did philosophy in this way Also well known philosophers scientists like Mortimer J Adler and John N Deely practiced philosophy this way Doing so is precisely what made these philosophers uniquely capable of generating great ideas as motivational principles that dramatically alter cultures In a nutshell this work offers significant support for its historically and philosophically ground breaking thesis      *The Universe We Think In* James V.
