A Pastor's Toolbox 2 Paul A. Holmes, 2017-07-03 The remarkable success of the book *A Pastor's Toolbox Management Skills for Parish Leadership* has demonstrated that the demands of time and financial challenges continue to impact the work of today's parish leaders. The need has become even greater for practical tools to assist in the many aspects of temporal administration, leadership, and church management. This follow-up volume provides all new information, insights, and practical tools that pastors need to handle the complexities of parish management in the twenty-first century. Sixteen contributors from across the country deliver key content that focuses on promoting excellence and best practices in the areas of management, finances, communications, and human resources development. *A Pastor's Toolbox 2* provides leadership tools for the pastor and his team, help for working with the parish's pastoral and finance councils, intercultural competence, and complex pastoring situations. Suggestions for time management and effective meetings, human resources change management, and canon law tools for parish stewardship, communications, and Catholic schools. The book is an outgrowth of the *Toolbox for Pastoral Management*, a nationally recognized joint project of Leadership Roundtable and Seton Hall University. A Seminarian's Toolbox Patrick Stokely, 2024-02-15 With the ever-increasing demands placed on our parish leaders, what can seminaries do to prepare priests to deal with the difficult issues they will face? In addition to formation in priestly spirituality and pastoral care, future pastors require lasting support as they discern the call to priesthood and prepare to enter parish leadership after ordination. Filled with valuable information for supporting seminarians in their ongoing formation, *A Seminarian's Toolbox* provides practical tools and guidance for achieving best practices in parish leadership. This book is a project of The Leadership Roundtable, a nonprofit organization of Catholic lay leaders, religious, and clergy working together to promote best practices in the formation of

Counting the Cost

Clemens Sedmak, Kelli Reagan Hickey, 2024-04-05 What difference would Catholic Social Tradition make if it guided our personal and communal financial decision making The Sermon on the Mount reminds us of this fundamental decision making when it comes to questions of faith and money No one can serve two masters for a slave will either hate the one and love the other or be devoted to the one and despise the other You cannot serve God and wealth Matthew 6 24 In Counting the Cost Clemens Sedmak and Kelli Reagan Hickey suggest a theological and spiritual discernment process for the everyday reality of budgeting and financial planning that explores the status of money and monetary values by reflecting on this gospel call Counting the Cost explains how Catholic Social Teaching provides a framework for our thinking around finances by answering questions such as What does this fundamental decision look like in times of financial scarcity and stewardship responsibilities How do the attitudes that Jesus invites us into shape the ways we make financial decisions And how can budgeting be and become a way of discipleship for individuals parishes and dioceses The book includes a range of financial decision making examples and reconstructs them as decisions about priorities values and commitments to respond to the world and its material realities in a gospel inspired way The Enacting Catholic Social Tradition series is dedicated to the systematic application of Catholic Social Teaching to real world problems and issues Written for both academics and pastoral practitioners who want to draw on and learn more about the rich resources of Catholic Social Tradition for the practical work of justice the series aims to strengthen the capacity of the church to respond lovingly and well to the demands of the gospel
