A Pauline Theology Of Charismata:

A Pauline Theology of Charismata Siegfried S. Schatzmann, 1987 Charismata in Pauline Theology Olugbenga Olagunju, 2012 The task of this book is to discuss Charismata in Pauline Theology The discussion is based on Pauline authentic epistles of Romans and First Corinthians The word charisma gift is unique to Paul It is found sixteen times in his epistles and only one time in Peter 1 Peter 4 10 The word charismata gifts is used generally and distinctively Although there are other Greek terms used interchangeably with charisma these terms are *dorea* and *dorhema* which also means free gift These words *dorea* and *dorehma* when used in relation to charismata further enhances the uniqueness of the language as Paul distinct word for giftedness To Paul all believers in Christ received charisma at salvation This charisma is a gracious gift of God that is freely bestowed on them at salvation Charismata are unique to individual believers and it differentiates them from one another for the purpose of enhancing their mutual service **Prophecy and Tongues** Donatus Udoette, 1993

The First Epistle to the Corinthians Anthony C. Thiselton, 2000 A new examination of a classic Christian text begins with the Greek text of the Corinthians and outlines the most important theological ethical and socio historical issues surrounding this seminal book **A History of Charisma** J. Potts, 2009-09-04 This book traces the history of the word charisma and the various meanings assigned to it from its first century origins in Christian theology to its manifestations in twenty first century politics and culture while considering how much of the word's original religious meaning persists in the contemporary secular understanding Religious Experience of the Pneuma Clint Tibbs, 2012-04-26 This book explores the Christian religious experience of the pneuma given in 1 Corinthians 12 and 14 The experience Paul mentions in these texts as well as the mention of spirits in three different places suggest that Paul was actually writing about communicating with the spirit world Manifesting the Spirit Mbanyane Mhango, 2021-09-30 Fewer subjects have generated intense debate in Christian thought and practice than sacraments A reductionist view of the term sacrament often causes this debate and engenders tension between the so called sacramental and non sacramental churches largely based on whether one views the Water Baptism and the Lord's Supper as ordinances or as sacraments means of encountering God Drawing from the theological view that Christ is the primordial sacrament of the encounter with God this book posits that all believers are sacraments of an encounter with God This claim has ecumenical import Conversion Baptism the Lord's Supper the Empowerment Gifts and Fruit of the Spirit Worship Testimonies of Triumphs or Sufferings Eschatological Hope etc enable believers to manifest the Spirit Pentecost inaugurated all believers as both macrocosmic and microcosmic sacraments The notion of sacramentality of believers intersects with the theological triad of Orthodoxy Orthopraxy and Orthopathy **The Practice of Prophecy** Li Ming Dennis Lum, 2018-03-26 The charisma of prophecy is found throughout the history of the global Pentecostal movement Within the movement prophecy is seen as the communication of an inspired spontaneous revelation bringing edification to the faith community Despite its prevalence academic research has mostly focused on the biblical theological aspect

neglecting the actual contemporary practice This book addresses this gap with a study on the practice of prophecy within the Assemblies of God of Singapore The book investigates the nature purpose and significance of the phenomenon It also identifies theological variables that are correlated with its practice and explicates these relationships The investigation employs the empirical theological method of Johannes van der Ven utilizing both a qualitative and a quantitative study The results provide a rich description of the actual reception delivery and judging of prophecy Significant findings include relationships between prophecy and courage love personality types prayer types and evangelism **NIV Application**

Commentary Craig L. Blomberg, 1995 Most Bible commentaries take us on a one way trip from the twentieth century to the first century But they leave us there assuming that we can somehow make the return journey on our own In other words they focus on the original meaning of the passage but don't discuss its contemporary application The information they offer is valuable but the job is only half done The NIV Application Commentary Series helps us with both halves of the interpretive task This new and unique series shows readers how to bring an ancient message into modern context It explains not only what the Bible means but also how it can speak powerfully today **1 Corinthians** Craig L. Blomberg, 2009-05-26 The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context To bring the ancient messages of the Bible into today's world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today's preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God's Word with the same powerful impact it had when it was first written
