A Nation By Design Immigration Policy In The Fashioning Of America

Michael Hoelscher

A Nation By Design Immigration Policy In The Fashioning Of America:

A Nation by Design Aristide R. Zolberg, 2008-12-15 Zolberg explores American immigration policy as a tool of nation building from the colonial period to the present His book shows how America has struggled to shape the immigration process to construct the kind of population it desires

A Nation of Immigrants Susan F. Martin, 2021-03-25 Examining the evolution of four immigration models in the US this book traces the historical roots of current policy debates

The Deportation Machine Adam Goodman, 2021-09-14 By most accounts the United States has deported around five million people since 1882 but this includes only what the federal government calls formal deportations Voluntary departures where undocumented immigrants who have been detained agree to leave within a specified time period and self deportations where undocumented immigrants leave because legal structures in the United States have made their lives too difficult and frightening together constitute 90% of the undocumented immigrants who have been expelled by the federal government This brings the number of deportees to fifty six million These forms of deportation rely on threats and coercion created at the federal state and local levels using large scale publicity campaigns the fear of immigration raids and detentions to cost effectively push people out of the country Here Adam Goodman traces a comprehensive history of American deportation policies from 1882 to the present and near future He shows that one of the country's largest deportation operations expelled hundreds of thousands of people almost exclusively through the use of voluntary departures and through carefully planned fear campaigns that terrified undocumented immigrants through newspaper radio and television publicity These deportation efforts have disproportionately targeted Mexican immigrants who make up half of non citizens but 90% of deportees Goodman examines the political economy of these deportation operations arguing that they run on private transportation companies corrupt public private relations and the creation of fear based internal borders for long term undocumented residents He grounds his conclusions in over four years of research in English and Spanish language archives and twenty five oral histories conducted with both immigration officials and immigrants revealing for the first time the true magnitude and deep historical roots of anti immigrant policy in the United States

Multicultural America Ronald H. Bayor, 2011-07-22 This encyclopedia contains 50 thorough profiles of the most numerically significant immigrant groups now making their homes in the United States telling the story of our newest immigrants and introducing them to their fellow Americans One of the main reasons the United States has evolved so quickly and radically in the last 100 years is the large number of ethnically diverse immigrants that have become part of its population People from every area of the world have come to America in an effort to realize their dreams of more opportunity and better lives either for themselves or for their children This book provides a fascinating picture of the lives of immigrants from 50 countries who have contributed substantially to the diversity of the United States exploring all aspects of the immigrants lives in the old world as well as the new Each essay explains why these people have come to the United States how they have adjusted to and integrated into

American society and what portends for their future Accounts of the experiences of the second generation and the effects of relations between the United States and the sending country round out these unusually rich and demographically detailed portraits

Citizenship, Belonging, and Nation-States in the Twenty-First Century Nicole Stokes-DuPass, Ramona Fruja, 2017-07-15

Citizenship Belonging and Nation States in the Twenty First Century contributes to the scholarship on citizenship and integration by examining belonging in an array of national settings and by demonstrating how nation states continue to matter in citizenship analysis Citizenship policies are positioned as state mechanisms that actively shape the integration outcomes and experiences of belonging for all who reside within the nation state This edited volume contributes an alternative to the promotion of post national models of membership and emphasizes that the most fundamental facet of citizenship a status of recognition in relationship to a nation state need not be left in the relic galleries of an allegedly outdated political past This collection offers a timely contribution both theoretical and empirical to understanding citizenship nationalism and belonging in contexts that feature not only rapid change but also levels of entrenchment in ideological and historical legacies

The Cambridge History of America and the World: Volume 3, 1900-1945 Brooke L. Blower, Andrew Preston, 2022-03-03

The third volume of The Cambridge History of America and the World covers the volatile period between 1900 and 1945 when the United States emerged as a world power and American engagements abroad flourished in new and consequential ways Showcasing the most innovative approaches to both traditional topics and emerging themes leading scholars chart the complex ways in which Americans projected their growing influence across the globe how others interpreted and constrained those efforts how Americans disagreed with each other often fiercely about foreign relations and how race religion gender and other factors shaped their worldviews During the early twentieth century accelerating forces of global interdependence presented Americans like others with a set of urgent challenges from managing borders humanitarian crises economic depression and modern warfare to confronting the radical new political movements of communism fascism and anticolonial nationalism This volume will set the standard for new understandings of this pivotal moment in the history of America and the world

[American Shame](#) Myra Mendible, 2016-03-29

Essays examining the role of shame as an American cultural practice and how public shaming enforces conformity and group coherence On any given day in America s news cycle stories and images of disgraced politicians and celebrities solicit our moral indignation their misdeeds fueling a lucrative economy of shame and scandal Shame is one of the most coercive painful and intriguing of human emotions Only in recent years has interest in shame extended beyond a focus on the subjective experience of this emotion and its psychological effects The essays collected here consider the role of shame as cultural practice and examine ways that public shaming practices enforce conformity and group coherence Addressing abortion mental illness suicide immigration and body image among other issues this volume calls attention to the ways shaming practices create and police social boundaries how shaming speech is endorsed judged or challenged by various groups and

the distinct ways that shame is encoded and embodied in a nation that prides itself on individualism diversity and exceptionalism Examining shame through a prism of race sexuality ethnicity and gender these provocative essays offer a broader understanding of how America s discourse of shame helps to define its people as citizens spectators consumers and moral actors An eclectic anthology it offers the readers more than one argument and perspective which makes the volume itself lively and rich Ron Scapp coeditor of Fashion Statements On Style Appearance and Reality

American Sanctuary A. Roger Ekirch, 2018-11-20 In 1797 the bloodiest mutiny ever suffered by the Royal Navy took place on the British frigate HMS Hermione off the coast of Puerto Rico Jonathan Robbins a reputed American sailor who had been impressed into service made his way to American shores President John Adams bowed to Britain s request for his extradition Convicted of murder and piracy by a court martial in Jamaica Robbins was hanged Adams s catastrophic miscalculation ignited a political firestorm only to be fanned by Robbins s failure to receive his constitutional rights of due process and trial by jury by an American court American Sanctuary brilliantly lays out in riveting detail the story of how the Robbins affair amid the turbulent presidential campaign of 1800 inflamed the new nation and set in motion a constitutional crisis resulting in Adams s defeat and Thomas Jefferson s election as the third president of the United States Robbins s martyrdom led directly to the country s historic decision to grant political asylum to foreign refugees a major achievement in fulfilling the promise of American independence

A Nation of Immigrants Reconsidered Maddalena Marinari, Madeline Hsu, Maria Cristina Garcia, 2018-12-30 Scholars journalists and policymakers have long argued that the 1965 Immigration and Nationality Act dramatically reshaped the demographic composition of the United States In A Nation of Immigrants Reconsidered leading scholars of immigration explore how the political and ideological struggles of the age of restriction from 1924 to 1965 paved the way for the changes to come The essays examine how geopolitics civil rights perceptions of America s role as a humanitarian sanctuary and economic priorities led government officials to facilitate the entrance of specific immigrant groups thereby establishing the legal precedents for future policies Eye opening articles discuss Japanese war brides and changing views of miscegenation the recruitment of former Nazi scientists a temporary workers program with Japanese immigrants the emotional separation of Mexican immigrant families Puerto Rican youth s efforts to claim an American identity and the restaurant raids of conscripted Chinese sailors during World War II Contributors Eiichiro Azuma David Cook Mart n David FitzGerald Monique Laney Heather Lee Kathleen L pez Laura Madokoro Ronald L Mize Arissa H Oh Ana Elizabeth Rosas Lorrin Thomas Ruth Ellen Wasem and Elliott Young

Undocumented Immigrants in the United States Anna Ochoa O'Leary, 2014-02-25 This two volume reference work addresses the dynamic lives of undocumented immigrants in the United States and establishes these individuals experiences as a key part of our nation s demographic and sociological evolution This two volume work supplies accessible and comprehensive coverage of this complex subject by consolidating the insights of hundreds of scholars who have studied the issues of undocumented immigration in the United States for years It

provides a historical perspective that underscores the exponential growth of the undocumented population in the last three decades and presents a more nuanced more detailed and therefore more accurate portrait of undocumented immigrants than is available in general media Also included are recommended resources that will serve researchers seeking more information on topics regarding undocumented immigrants

Whispering the Techniques of Language: An Emotional Quest through **A Nation By Design Immigration Policy In The Fashioning Of America**

In a digitally-driven world where displays reign supreme and immediate communication drowns out the subtleties of language, the profound secrets and emotional subtleties hidden within words usually move unheard. However, situated within the pages of **A Nation By Design Immigration Policy In The Fashioning Of America** a charming fictional value sporting with organic emotions, lies a fantastic journey waiting to be undertaken. Written by an experienced wordsmith, this wonderful opus attracts visitors on an introspective journey, softly unraveling the veiled truths and profound impact resonating within the very fabric of each and every word. Within the psychological depths of this moving evaluation, we shall embark upon a genuine exploration of the book's primary themes, dissect their fascinating writing fashion, and succumb to the strong resonance it evokes heavily within the recesses of readers' hearts.
