

"Indispensable reading at a time when anti-immigrant demagoguery has again found its way onto the main stage of political discourse."

—COLIN WOODARD, *The Washington Post*

A NATION OF NATIONS

A GREAT AMERICAN IMMIGRATION STORY

TOM GJELTEN

A Nation Of Nations A Great American Immigration Story

Joshua A. Claybourn

A Nation Of Nations A Great American Immigration Story:

A Nation of Nations Tom Gjelten, 2016-10-25 The dramatic and compelling story of the transformation of America during the last fifty years told through a handful of families in one suburban county in Virginia that has been utterly changed by recent immigration In the fifty years since the 1965 Immigration and Nationality Act the foreign born population of the United States has tripled Significantly these immigrants are not coming from Europe as was the case before 1965 but from all corners of the globe Today non European immigration is ninety percent of the total immigration to the US Americans today are vastly more diverse than ever They look different speak different languages practice different religions eat different foods and enjoy different cultures In 1950 Fairfax County Virginia was ninety percent white ten percent African American with a little more than one hundred families who were other Currently the African American percentage of the population is about the same but the Anglo white population is less than fifty percent and there are families of Asian African Middle Eastern and Latin American origin living all over the county A Nation of Nations follows the lives of a few immigrants to Fairfax County over recent decades as they gradually Americanize Hailing from Korea Bolivia and Libya these families have stories that illustrate common immigrant themes friction between minorities economic competition and entrepreneurship and racial and cultural stereotyping It s been half a century since the 1965 Immigration and Nationality Act changed the landscape of America and no book has assessed the impact or importance of this law as this one does with its brilliant combination of personal stories and larger demographic and political issues Publisher information *Our American Story* Joshua A. Claybourn, 2019-06 Over the past few decades the complicated divides of geography class religion and race created deep fractures in the United States each side fighting to advance its own mythology and political interests We lack a central story a common ground we can celebrate and enrich with deeper meaning Unable to agree on first principles we cannot agree on what it means to be American As we dismantle or disregard symbols and themes that previously united us can we replace them with stories and rites that unite our tribes and maintain meaning in our American identity Against this backdrop *Our American Story* features leading thinkers from across the political spectrum Jim Banks Pulitzer Prize winner David W Blight Spencer P Boyer Eleanor Clift John C Danforth Cody Delistraty Richard A Epstein Nikolas Gvosdev Cherie Harder Jason Kuznicki Gerard N Magliocca Markos Moulitsas Ilya Somin Cass R Sunstein Alan Taylor James V Wertsch Gordon S Wood and Ali Wyne Each draws on expertise within their respective fields of history law politics and public policy to contribute a unique perspective about the American story This collection explores whether a unifying story can be achieved and if so what that story could be [The History of Immigration](#) Cathleen Small, 2017-12-15 The United States is often called a nation of immigrants so a deeper understanding of the history of immigration is critical for a deeper understanding of American history as a whole Readers are encouraged to develop this deeper understanding through detailed text that provides a comprehensive overview of the history of immigration Engaging sidebars and full color

photographs accompany the main text enhancing this essential part of social studies curricula and giving readers a clearer picture of the immigrant experience in America

A Nation of Immigrants Reconsidered Maddalena Marinari, Madeline Hsu, Maria Cristina Garcia, 2018-12-30 Scholars, journalists and policymakers have long argued that the 1965 Immigration and Nationality Act dramatically reshaped the demographic composition of the United States. In *A Nation of Immigrants Reconsidered*, leading scholars of immigration explore how the political and ideological struggles of the age of restriction from 1924 to 1965 paved the way for the changes to come. The essays examine how geopolitics, civil rights, perceptions of America's role as a humanitarian sanctuary, and economic priorities led government officials to facilitate the entrance of specific immigrant groups, thereby establishing the legal precedents for future policies. Eye-opening articles discuss Japanese war brides and changing views of miscegenation, the recruitment of former Nazi scientists, a temporary workers program with Japanese immigrants, the emotional separation of Mexican immigrant families, Puerto Rican youth's efforts to claim an American identity, and the restaurant raids of conscripted Chinese sailors during World War II. Contributors: Eiichiro Azuma, David Cook, Martin David, Fitzgerald Monique, Laney Heather, Lee Kathleen, Lopez Laura, Madokoro Ronald, L. Mize Arissa, H. Oh Ana, Elizabeth Rosas, Lorrin Thomas, Ruth Ellen Wasem, and Elliott Young

Claiming Belonging Emily Cury, 2021-03-15 *Claiming Belonging* dives deep into the lives of Muslim American advocacy groups in the post-9/11 era, asking how they form and function within their broader community in a world marked by Islamophobia. Bias incidents against Muslim Americans reached unprecedented levels a few short years ago, and many groups responded through action, organizing on the national level to become increasingly visible, engaged, and assertive. Emily Cury draws on more than four years of participant observation and interviews to examine how Muslim American organizations have sought to access and influence the public square and, in so doing, forge a political identity. The result is an engaging and unique study showing that policy advocacy, both foreign and domestic, is best understood as a sphere where Muslim American identity is performed and negotiated. *Claiming Belonging* offers ever timely insight into the place of Muslims in American political life and, in the process, sheds light on one of the fastest growing and most internally dynamic American minority groups

The Immigrant Superpower Tim Kane, 2021-08-16 In *The Immigrant Superpower*, Tim Kane argues that immigration has long been a source of American strength and that exceptional immigrants have been crucial to American exceptionalism. Deftly combining stories of immigrants who have contributed to the American experience with analysis of the effects of immigration on wages and unemployment, Kane's impassioned view of how immigration has made America great stands in contrast to the broken and dysfunctional debate about immigration

Ukrainians in Michigan Paul M. Hedeem, Maryna Hedeem, 2023-02-01 This history of Ukrainian immigrants in Michigan and their American descendants examines both the choices people made and the social forces that impelled their decisions to migrate and to make new homes in the state. Michigan's Ukrainians came in four waves, each unique in time and character, beginning in the late nineteenth century and continuing in the twenty-first. Detroit

attracted many of them with the opportunities it offered in its booming automobile industry Yet others put down roots in cities and towns across the state Wherever they settled they established churches and community centers and continued to practice the customs of their homeland Many Ukrainian Americans have made significant contributions to Michigan and the United States including those who are showcased in this book This comprehensive text also highlights cultural practices and traditional foods cherished by community members

The 1960s James S. Olson, Mariah Gumpert, 2018-04-19 This volume serves as an invaluable study guide covering all of the key political social and cultural concepts of the turbulent 1960s The 1960s were a polarizing decade beginning brightly and with hope but ending in disappointment and disarray By the end traditional values had been subverted political institutions had been overturned and marginalized groups had battled their own government to win equal rights and freedoms The clear cut foreign policies of the postwar era brought mixed results and the world's mightiest nation became mired in a war it could not win This overview of the 1960s covers all of the key political social and cultural concepts of the decade through topical and biographical entries primary documents a sample document based essay question and top tips and period specific learning objectives The book contains an Introduction that presents the historical themes of the period Alphabetical encyclopedic entries relating to the period specific themes comprise the core reference material in the book The book also contains a range of primary documents with their own introductions and a sample document based essay question Other features include a list of Top Tips a thematically tagged chronology and a list of specific learning objectives readers can use to gauge their working knowledge and understanding of the period

Flourishing in Contexts and Cultures Gregory Arief D. Liem, Dennis M. McInerney, 2023-07-01 The youth of today is confronted with a myriad of challenges of living in a world that has never been more volatile uncertain complex and ambiguous These multifaceted challenges compromise their well being Fostering the well being of young people across sociocultural boundaries rather than of the select groups of privileged individuals is a timely and worthy endeavor and should not take a back seat The advent of Positive Education which is an educational paradigm that emphasizes the goal of developing both cognitive abilities and well being skills in students and young people in general has offered a promising generic approach to promoting the well being of young people The twin goals of Positive Education are indeed aligned with two major views of well being eudaimonia highlighting the importance of one's engaged pursuit of meaningful goals and hedonia stressing the importance of one's positive emotion and life satisfaction in one's well being Their combination that wellness is achieved when a person is feeling good and functioning well has often been termed flourishing Unfortunately scholarly discussions on sociocultural influences on flourishing or well being and ways of promoting it have been scarce This volume addresses such a gap in a rigorous and timely manner International scholars from culturally diverse backgrounds put together their thoughts and ideas in their respective chapter contributions that collectively invite us to mindfully take into account youth's sociocultural and sociodemographic backgrounds in promoting their flourishing This book which embodies

the who what when where and how of youth well being will be extremely insightful and useful for scholars and researchers as well as policy makers and practitioners teachers interventionists counsellors youth mentors who seek to promote the well being of young people in their respective contexts and beyond

Resettled Iraqi Refugees in the United States Jared Keyel, 2023-02-10

The American war against Iraq has caused hundreds of thousands of deaths and displaced millions of people Between 20 March 2003 and 30 September 2017 more than 172 000 Iraqis resettled in the United States This book explores the experiences of fifteen Iraqis who resettled in the US after 2003 It examines the long war against Iraq that began in 1991 and the decisions some Iraqis made to leave their homes and seek refuge in the United States The book also delves into the possibilities for belonging and cultural exchange for this cohort of Iraqis and their political engagement with non profit organizations advocacy and activism against the 2017 Travel Ban
