Chinese (Taiwan) Yearbook of International Law and Affairs, Volume 31 (2013) Ying-jeou Ma, 2015-11-24 The Chinese Taiwan Yearbook of International Law and Affairs includes articles and international law materials relating to the Asia Pacific and the Republic of China on Taiwan This volume discusses issues on Cross Straits relations Hong Kong South China Sea disputes and Japanese cases relating to war compensation It provides a detailed account of the 2013 Guang Da Xing No 28 incident and Taiwan s participation in the International Civil Aviation Organization and free trade agreements with New Zealand and Singapore

Construction of Chinese Nationalism in the Early 21st Century Suisheng Zhao, 2014-07-25 Chinese nationalism is powered by a narrative of China s century of shame and humiliation in the hands of imperialist powers and calls for the Chinese government to redeem the past humiliations and take back all lost territories The continuing surge of Chinese nationalism in the early 21st century therefore has fed a roiling sense of anxiety in many political capitals about whether a virulent nationalism has emerged to make China s rise anything but peaceful This book addresses this anxiety by examining the domestic sources and foreign policy implications of Chinese nationalism in the early 21st century It is divided into three parts Part I is an overview of the scholarly debate about if the rise of Chinese nationalism has driven China s

foreign policy in a more irrational and inflexible direction in the first one and half decades of the 21st century Part II analyzes the construction of Chinese nationalism by a variety of domestic forces including the communist state the angry youth fen qing liberal intellectuals and ethnic groups Part III explores whether Chinese nationalism is affirmative assertive or aggressive through the case studies of China s maritime territorial disputes with Japan in the East China Sea and with several Southeast Asian countries in the South China Sea the border controversy over the ancient Koguryo with Korea and the cross Taiwan Strait relations This book was based on articles published in the Journal of Contemporary China The National Games and National Identity in China Liu Li,Fan Hong,2017-07-14 Cover Title Copyright Contents List of figures List of tables List of abbreviations Preface Acknowledgements 1 Modern Chinese nation nationalism national identity and sport 2 The origin and development of the National Games in the late Qing Dynasty and the Republic of China 1910 1948 3 Governance of sport and the National Games in the PRC 1949 1979 4 The National Games and China s Olympic Strategy in the post 1980s 5 The National Games and national identity in China Appendices Index **The Intellectual Foundations of Chinese Modernity** Edmund S. K. Fung,2010-03-22 In the early twentieth century China was on the brink of change Different ideologies those of radicalism conservatism liberalism and social democracy were much debated in political and intellectual circles Whereas previous works have analyzed these trends in isolation Edmund S K Fung shows how they related to one another and how intellectuals in China engaged according to their cultural and political persuasions The author argues that it is this interrelatedness and interplay between different schools of thought that are central to the understanding of Chinese modernity for many of the debates that began in the Republican era still resonate in China today The book charts the development of these ideologies and explores the work and influence of the intellectuals who were associated with them In its challenge to previous scholarship and the breadth of its approach the book makes a major contribution to the study of Chinese political philosophy and intellectual history The Cambridge Companion to Modern Chinese Culture Kam Louie,2008-06-05 At the start of the twenty first century China is poised to become a major global power Understanding its culture is more important than ever before for western audiences but for many China remains a mysterious and exotic country This Companion explains key aspects of modern Chinese culture without assuming prior knowledge of China or the Chinese language The volume acknowledges the interconnected nature of the different cultural forms from high culture such as literature religion and philosophy to more popular issues such as sport cinema performance and the internet Each chapter is written by a world expert in the field Invaluable for students of Chinese studies this book includes a glossary of key terms a chronology and a guide to further reading For the interested reader or traveler it reveals a dynamic diverse and fascinating culture many aspects of which are now elucidated in English for the first time *The Globalization of Chinese Propaganda* K. Edney,2014-05-20 This book investigates the relationship between the Chinese Communist Party s crucial goal of using the propaganda system to consolidate its power within the domestic political

environment and its prominent recent attempts to use propaganda overseas to increase China's international power

Human Rights for Pragmatists Jack Snyder, 2024-11-26 An innovative framework for advancing human rights Human rights are among our most pressing issues today yet rights promoters have reached an impasse in their effort to achieve rights for all Human Rights for Pragmatists explains why activists prioritize universal legal and moral norms backed by the public shaming of violators but in fact rights prevail only when they serve the interests of powerful local constituencies Jack Snyder demonstrates that where local power and politics lead rights follow He presents an innovative roadmap for addressing a broad agenda of human rights concerns impunity for atrocities dilemmas of free speech in the age of social media entrenched abuses of women's rights and more Exploring the historical development of human rights around the globe Snyder shows that liberal rights based states have experienced a competitive edge over authoritarian regimes in the modern era He focuses on the role of power the interests of individuals and the groups they form and the dynamics of bargaining and coalitions among those groups The path to human rights entails transitioning from a social order grounded in patronage and favoritism to one dedicated to equal treatment under impersonal rules Rights flourish when they benefit dominant local actors with the clout to persuade ambivalent peers Activists policymakers and others attempting to advance rights should embrace a tailored strategy one that acknowledges local power structures and cultural practices Constructively turning the mainstream framework of human rights advocacy on its head Human Rights for Pragmatists offers tangible steps that all advocates can take to move the rights project forward
