Settlement of Investment Disputes under the Energy Charter Treaty Thomas Roe, Matthew Hoppold, 2011-04-14 The Energy Charter Treaty has come of age with almost 50 States parties and a small but growing body of arbitral case law In this new study of the Treaty's investment protection provisions Thomas Roe and Matthew Hoppold set out to identify and explain the Treaty's principal provisions and to suggest answers to some of the difficult problems thrown up by its drafting They discuss in detail questions such as the standards of protection granted by the Treaty and the international responsibility of States for breaches of the Treaty the various procedures available for the vindication of rights under the Treaty and the conditions to be satisfied before a claimant's complaint may be considered on the merits Specific issues addressed include the impact of EU law on claims under the Treaty and the Treaty's provisions

concerning taxation *Good Governance for Pension Schemes* Paul Thornton, Donald Fleming, 2011-07-14 Regulatory and market developments have transformed the way in which UK private sector pension schemes operate This has increased demands on trustees and advisors and the trusteeship governance model must evolve in order to remain fit for purpose This volume brings together leading practitioners to provide an overview of what today constitutes good governance for pension schemes from both a legal and a practical perspective It provides the reader with an appreciation of the distinctive characteristics of UK occupational pension schemes how they sit within the capital markets and their social and fiduciary responsibilities Providing a holistic analysis of pension risk both from the trustee and the corporate perspective the essays cover the crucial role of the employer covenant financing and investment risk developments in longevity risk hedging and insurance de risking and best practice scheme administration **Hostile Business and the Sovereign State** Michael J. Strauss, 2018-12-14 This book describes and assesses an emerging threat to states territorial control and sovereignty the hostile control of companies that carry out privatized aspects of sovereign authority The threat arises from the massive worldwide shift of state activities to the private sector since the late 1970s in conjunction with two other modern trends the globalization of business and the liberalization of international capital flows The work introduces three new concepts firstly the rise of companies that handle privatized activities and the associated advent of post government companies that make such activities their core business Control of them may reside with individual investors other companies or investment funds or it may reside with other states through state owned enterprises or sovereign wealth funds Secondly imperfect privatizations when a state privatizes an activity to another state s public sector The book identifies cases where this is happening It also elaborates on how ownership and influence of companies that perform privatized functions may not be transparent and can pass to inherently hostile actors including criminal or terrorist organizations Thirdly belligerent companies whose conduct is hostile to those of states where they are active The book concludes by assessing the adequacy of existing legal and regulatory regimes and how relevant norms may evolve
