international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines such as during the Kenya crisis of 2007/08 when over 1 000 people lost their lives and almost 700 000 were displaced The Oxford Handbook of Kenyan Politics explains these developments and many more drawing together 50 specially commissioned chapters by leading researchers The chapters they have contributed address a range of essential topics including the legacy of colonial rule ethnicity land politics devolution the constitution elections democracy foreign aid the informal economy civil society human rights the International Criminal Court the growing influence of China economic policy electoral violence and the impact of mobile phone technology In addition to covering some of the most important debates about Kenyan politics the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country *African Women and ICTs* Ineke Buskens, Anne Webb, 2009-04 Based on the outcome of an extensive research project this book features chapters based on original primary field research undertaken by academics activists who have investigated situations within their own communities countries **Business and Social Crisis in Africa** Antoinette Handley, 2019-11-21 Much of the time when confronted with a crisis of national dimensions businesses do exactly what we expect them to do they look to their own survival Occasionally however firms in some contexts go beyond this Based on qualitative country based fieldwork in Eastern and Southern Africa Antoinette Handley examines how African businesses can be key responders to wider social and political crises often responding well in advance of the state She reveals the surprising ways in which business responses can be focused not on short term profits but instead on ways that assist society in resolving that crisis in the long term Taking African businesses in Kenya Uganda Botswana and South Africa as case studies this detailed exploration of the private sector response to crises including HIV AIDS and political violence crises introduces the concept of relative business autonomy exploring the conditions under which it can emerge and develop when and how it may decline and how it might contribute to a higher level of overall societal resilience The History of Business in Africa Grietjie Verhoef, 2017-10-16 This book offers a comprehensive study of the history of African business By analyzing the specificities of African business culture as well as the dynamically changing African policy context the author sheds new light on the development of African enterprises markets and institutions The book covers a wide range of historical studies starting with the earliest exchange networks the new market opportunities resulting from European penetration the dualism of state owned companies and private enterprises during the twentieth century the role of foreign direct investments and multinational companies during the 1990s and the globalization of African business **City Boy: Chronicles of a Nairobi Life** Dr. Frank Njenga, 2025-05-22 The mention of an African autobiography often evokes images of a want and penury a childhood sullied by poverty and hopelessness and the predictable rags to riches narrative Not so for City Boy In this bold and refreshing account Dr Frank Njenga a leading psychiatrist and author weaves a compelling tale of growing up in an

affluent neighbourhood attending a once European only school enjoying foreign travel in childhood and all the trappings of a good upbringing His account of the Mau Mau period as well as the post independence era is captivating With candour and charm he invites readers into the world that shaped him a world of books travel privilege and the rich tapestry of people who influenced his journey It is a story that turns tables on the notion that rural poverty and adversity in childhood are the building blocks of a successful life Rather City Boy offers a new lens through which to view adolescence in the 1960s personal ambition and what it takes to scale the heights of professional growth In City Boy Dr Njenga rewrites the script on success with elegance honesty and a rare clarity of thought
