A Safe Haven Harry S Truman And The Founding Of Israel:

A Safe Haven Allis Radosh, Ronald Radosh, 2023-11-21 A dramatic detailed account of the events leading up to the State of Israel's creation and President Truman's controversial 1948 decision to recognize it This revelatory account of Truman's vital contributions to Israel's founding is told with an elegance informed by thorough research Wall Street Journal Even knowing how the story ends *A Safe Haven* had me sitting on the edge of my seat Cokie Roberts On May fourteen 1948 under the stewardship of President Harry S Truman the United States became the first nation to recognize the State of Israel just moments after sovereignty had been declared in Jerusalem But it was hardly a foregone conclusion that America would welcome the creation of this new country While acknowledging this as one of his proudest moments Truman also admitted that no issue was more controversial or more complex than the problem of Israel Impeccably researched and brilliantly told based on never before used archival material *A Safe Haven* is a suspenseful moment by moment re creation of this crossroads in U S Israeli relations and Middle Eastern politics *A Safe Haven* is an outstanding achievement This is certain to become an essential work for students journalists and statesmen indeed anyone interested in understanding Israel's origins Michael Oren author of *Power Faith and Fantasy America in the Middle East 1776 to the Present* and *Six Days of War June 1967 and the Making of the Modern Middle East* *A Companion to Harry S. Truman* Daniel S. Margolies, 2012-07-30 With contributions from the most accomplished scholars in the field this fascinating companion to one of America's pivotal presidents assesses Harry S Truman as a historical figure politician president and strategist Assembles many of the top historians in their fields who assess critical aspects of the Truman presidency Provides new approaches to the historiography of Truman and his policies Features a variety of historiographic methodologies **Routledge Handbook on Israel's Foreign Relations** Joel Peters, Rob Geist Pinfold, 2024-02-28 This Handbook provides a comprehensive account of contemporary Israeli diplomacy and analyses the changing dynamics of Israel's bilateral relations with other states and the international community over the past seventy five years Research into Israeli foreign policy has been largely sidelined by debates over security domestic politics and the Israeli Palestinian conflict This Handbook addresses the gap in the literature Comprising 31 essays written by leading scholars of Israel the Handbook explicates how domestic societal and economic interests together with changing Israeli narratives of identity and location shape and impact Israeli foreign policy It illustrates how those factors have influenced foreign policy choices and the instruments economic cooperation arms sales military training and intelligence sharing that Israel has utilized in order to promote its interests and build relationships with countries and actors throughout the world Ultimately the Handbook refutes Kissinger's famous dictum that Israel has no foreign policy and instead follows the whims of its domestic politics By contrast this Handbook highlights the rich diverse and changing tapestry of Israel's foreign relations Written in an accessible style the book is designed for students taking courses in Israel studies and Middle Eastern studies as well as a general readership interested in Israeli affairs Zionism Milton

Viorst,2025-10-16 From serving as the Middle East correspondent for The New Yorker to penning articles for the New York Times Milton Viorst has dedicated his career to studying the Middle East Now in this new book Viorst examines the evolution of Zionism from its roots by serving as a cultural refuge for Europe s Jews to the cover it provides today for Israel s exercise of control over millions of Arabs in occupied territories Beginning with the shattering of the traditional Jewish society during the Enlightenment Viorst covers the recent history of the Jews from the spread of Jewish Emancipation during the French Revolution Era to the rise of the exclusionary anti Semitism that overwhelmed Europe in the late nineteenth century Viorst examines how Zionism was born and follows its development through the lives and ideas of its dominant leaders who all held only one tenet in common that Jews for the first time in two millennia must determine their own destiny to save themselves But in regards to creating a Jewish state with a military that dominates the region Viorst argues that Israel has squandered the goodwill it enjoyed at its founding and thus the country has put its own future on very uncertain footing With the expertise and knowledge garnered from decades of studying this contentious region Milton Viorst deftly exposes the risks that Israel faces today

United States Foreign Policy 1945-1968 Michael Wayne Santos,2020-01-17 Between 1945 and 1968 the possibility of Mutual Assured Destruction led to a host of odd realities including the creation of an affable cartoon turtle named Bert who taught millions of school children that nuclear war was survivable if they simply learned how to duck and cover Meanwhile fear of Communism played out against the backdrop of potential Armageddon to provide justification for a variety of covert operations involving regime change political assassination and sometimes bizarre plot twists United States Foreign Policy 1945 1968 The Bomb Spies Stories and Lies takes a fresh look at this complex often confusing and frequently farcical period in American and world history **The Decline of America** David D. Schein,2018-02-13 The Decline of America offers a carefully documented analysis of the last seventeen U S presidents These men eight Democrats and nine Republicans have shaped the last 100 years not only for America but for the world Each president is profiled with unsparing scrutiny so we can see where it s all gone wrong David Schein follows these critiques by proposing ways to improve America s outlook for the next 100 years before it s too late
